**6.3 ACADEMIC
REPORT
VAPA
DEPT:**

Sarah Trammell reported on the following:

Mr. Myers is teaching band, this is his second year at CUHS.
Mrs. Savage is teaching Drill Team
Mrs. Davenport teaches Art 1 and Ceramics 1 & 2
Sarah is the department chair and teachers Art 1, Art 2 Adv Art & Art History

Priorities and Important things happening in the department

The focus for the department is getting students artwork out in the community and connecting students with opportunities. We are instilling life

and 21st century skills such as communication, collaboration, critical thinking, creativity, problem solving and perseverance. Students are investigating and finds ways to solve problems creatively. We are looking to create a new community art event this year at the Rodgers Theater. And hoping it will be on the first Friday in May of 2024.

Successes

2023 Silver Dollar Fair – 2 students won Best of Show and awarded \$
Massive reorganization has happened in the art rooms
It is more functionable and there is still a lot of work to be done.

This school year marks the 43rd year of Drill Team. Drill Team is an A-G course in the VAPA pathway. There are 32 girls on the team this year. Tryouts are every year at the end of May.

Typically, 80- 100 girls tryout every year. Girls must maintain at least a 2.5 GPA and have a 90% attendance rate to remain on the team. With Drill Team being a class, it allows students to also play sports, and participate in FFA, which is great for our small school.

Drill Team performs at all home Varsity football and basketball games.

Drill Team marches in multiple parades throughout the year.

Giving back to our community is a priority for us. Every Summer we put on a kids camp where over 100 dancers ages 5-14 participate.

Last year we added Fall and Spring kids' clinics. In the Fall the dancers learned a dance that they performed at Football Homecoming. The Spring dancers performed in the Drill Team dance show. We held the Fall clinic again this year and had great participation. We plan to hold the Spring Clinic again this April.

In January Drill Team will be partnering with Corning Rec to start a Jr. Cardettes program. Drill Team members will be the coaches. These young dancers will perform at a home basketball game with Drill Team, participate in select parades, and perform in our annual dance show.

Drill Team never misses an opportunity to perform for students with special needs. We have been performing at Chico State's adapted sports day for the last 18 years. This year we had the opportunity to perform for students with special needs in Tehama county at the High Hoops event.

These young ladies are self-motivated and work hard to meet the high expectations that are set for them. Drill Team is a lot more than a team of young ladies that love to dance. Many of them have jobs, play other sports, are involved in FFA, CSF, ASB, Leadership, Yearbook, Interact and numerous other clubs on campus. They know they are role models to the young girls in our community and they work hard represent our team and our school well. I am proud of them and I am honored to help carry on this special tradition at CUHS.

There was further discussion on wanting to grow events here in town and Board Member, Cody Lamb would like to have CUHS represented at the Tehama County Fair. There is an understanding that the fair in Chico is great an all but would like to have both or at least the presence in our own county. Sarah is open to the option however made reference that Chico is an incentive for students because they know that they can win money for placing “Best in Show”.

With regard to the community art event this year at the Rodgers Theater that Sarah hoping could be in May of 2024, Justine Felton reminded her that there was the Tehama County Fair that might interfere and also, PROM is in May as well.

6.4 STUDENT BOARD MEMBER:

**13.11 AGREEMENT
BETWEEN
CUHS
&
NMR:**

A motion was made by Cody Lamb and seconded by Todd Henderson to approve the agreement as follows:
No on the parking but yes for the shop.

The discussion from the board is that the cost is a lot higher than anticipated. Superintendent, Jared Caylor consulted with Cody on this and is trying to reduce cost. Possibly pay with the school safety grant and Dean Furio thinks that the ADA track could be less and we don't need a ticket booth. We could also save some money with the irrigation (trees). The district will try to bring the cost down. Board Member, Cody Lamb asked if we needed to factor in the cost for Zane's services. Superintendent Jared Caylor would like to consider that because he would like to have him involved in the shop project.

There being no further discussion, the Board voted unanimously to approve the contract.

WALK-THRU GOALS FOR 2023-24 @ CUHS

Practice Teacher Clarity Daily

1. Teacher is deliberately clear about the goals, objectives or learning intentions for the period/unit related to the content, skills & language to be learned; tasks, assignments, activities connected to the goals.
2. Teacher is explicitly clear about the directions, instructions, explanations and organization of the activities or tasks for the period; information is relevant, accurate & comprehensible to kids.
3. Teacher is intentionally clear about the examples applied and the guided practice facilitated; info is illustrative & illuminating as kids move to independence & progress with less support from teacher.
4. Teacher is clear about assessment for student learning such that the teacher is seeking out and acting upon the feedback s/he receives from students' verbal and written responses.
5. Teacher continues to clearly show evidence of planning through WICOR, EDI/GRR, CFUs, CALs, FNT and planner use in a lesson or unit.

Sustain Rigorous WICOR Engagement

Make every effort to rigorously engage students in developing their skills in writing, inquiry, collaboration, organization and reading in order to be college and career ready. We will keep the five aspects of WICOR integrated into regular classroom practices by all teachers schoolwide. Teachers will continue to experiment with different strategies for student writing, student inquiry, student collaboration, student organization and student reading. Keep working through some form of Focused Notetaking in your departments. We also expect teachers to engage students in the use of planners in order to help students organize themselves & meet the goal of completing all assignments.

Keep the following in your repertoire:

- EDI/GRR—explicit direct instruction blended with the gradual-release of responsibility
(I DO, WE DO, YOU DO TOGETHER, YOU DO ALONE)
- CLOs—clear learning objectives (especially for content & language learning)
- CFUs—checks for understanding re: content and instructions for tasks
- CALs—content academic language in play (vocabulary, formal register, content jargon, etc.)
- FNT & Planners— a systematic focused note taking process and use of student planners
- Perseverance & Grit—promote a don't quit, finish-the-race attitude in all things

Deliberate Language Instruction for All

(Helpful for all students but especially ELs)

1. Students interacting in meaningful ways
 - a. Collaborative engagement in dialogue with others
 - b. Interpretive comprehension & analysis of written and spoken texts
 - c. Productive creation of oral presentations and written texts
2. Learning About How English Works
 - a. Structuring cohesive texts
 - b. Expanding and enriching ideas
 - c. Connecting and condensing ideas

Formal Evaluation Procedures for the Teaching Staff at CUHS

1. All certificated staff will be informed of the evaluation criteria and procedures at the beginning of each school year during our in-service session in a written format.
2. Evaluations occur at least once each year for probationary personnel and at least once every other year for personnel with permanent status less than ten years in the district. For those with permanent status who have been employed with the district 10 years or more, their evaluations are done at least every five years as long as the previous evaluation rated the employee as meeting or exceeding the established, agreed upon standards for satisfactory performance (scores of 3 and/or 4 on the rubric).
3. Those who are being formally evaluated by an administrator will be visited through a series of walk-thrus and a full-period observation sometime in the first six months to observe the instructional practices and classroom environment identified in the evaluation criteria and the CSTP's in general. These criteria are established through several documents: 1) the "Certificated Employee Evaluation" form; 2) the "CSTP Summary Evaluation Ratings and Narratives" sheet; 3) the "Administrator's Evaluation of Instructional Practices" page; and 4) the school-wide walk-thru goal used by the administrator in a given year. These criteria are communicated clearly by the administration at the beginning of each school year through a hard-copy or electronic file. The admin evaluator will also ask each teacher being evaluated this year to provide one or two practices they would like the administrator watch for in walk-thrus and full-period observations as another point of conversation.
4. In the formal evaluation process, a minimum of three unannounced walk-thru observations will be done followed by a face-to-face contact as needed concerning the walk-thru visit itself. In addition, one whole-period observation that is mutually agreed upon in advance by the teacher and the administrator will occur. Teachers will use the established lesson design template to plan and prepare the lesson observed by the administrator. The administrator will use the best practices rubric found in the "Administrator's Evaluation of Instructional Practices" and the school-wide goal for walk-thrus to identify strengths and areas for growth in the classroom. The best practices and goals are revised and updated each year by the instructional leader to coincide with the instructional priorities of the district. The goal is to improve professional classroom practice that leads to student learning. The targets for the year are shared out with all teachers at the beginning of the school year.
5. Prior to the post-conference, the teacher will complete a "Self-Evaluation of Instructional Practices" rubric as a reflective piece of the teacher's overall assessment of their teaching process. This form is the same as the administrator's full-period evaluation form and will lead to a professional conversation about best daily practices.
6. The pre-conference, the walk-thrus, the follow-up conversations after walk-thrus, the whole-period observation, and other professional conversations and personal interactions will be used in preparing the final evaluation document.
7. A post-conference meeting will be held between each certificated staff member and the evaluator to review and discuss the final evaluation form. This post-conference must occur before June 1st of each year for tenured teachers and before March 15th for probationary teachers.
8. The final evaluation form will be placed into the certificated person's permanent file in the Superintendent's office following the face-to-face conference and signatures.

11. ITEMS FOR DISCUSSION

**11.1 CTE & DUAL
 ENROLLMENT
 PROGRAMS:**

The district was approved for a grant and is looking for some feedback. One thought was to have a Medical Assistant Program. There are 2 options:

Option #1

Identify on campus facility
 Upgrade facility
 Purchase equipment
 Hire Staff (likely .33 FTE)

Option #2

Dual Enrollment Students
 Students finish other grad requirements thru ISP Program
 This could be a slippery slope
 School Culture considerations – similar to college connections

The thought is that if we can do this for medical assisting, why can't we do it for other career pathways such as Heavy Lifting Operations etc. There were discussions if Red Bluff goes off campus, which they do, they go to the Tehama Campus. The students could possibly finish within a years' time and then go right into a career after graduation. There is no action to be taken and Superintendent, Jared Caylor wants to be sure that the board isn't completely against having students off campus their senior year. Board Clerk, Jim Bingham thinks that high school is to expose kids to different options and different things. It is for maturity and exposure, but we also don't want them to grow up too fast. Board Member, Cody Lamb likes having the option for the students to go out there in advanced and work while you learn.

**11.2 COMMUNITY
 SAFETY
 CONCERNS:**

There will be a Gang Awareness events on December 6th at 6:00 p.m. at Maywood. This was initiated after a survey that the Elementary School sent to parents. The parents gave feedback wanting to know more information on How to prevent gang problems. Board Clerk, Jim Bingham shared that probation needs to start holding kids accountable for their actions. Superintendent, Jared Caylor also shared that he will be attending a meeting in the next few weeks with the City of Corning and Corning Elementary. Board Member, Cody Lamb would like to have more meeting like that rather

than the 2x2x2. Board President, Larry Glover asked what the district was doing with regard to school safety.

Associate Principal, Justine Felton shared that we do the following:

1. Lockdown drills
2. School Safety Plan which will come to the board in February
3. Vulnerability Assessment was completed last year

Board Member, Tony Turri wants to make sure that we are doing the same for Centennial that we are doing for the main campus.

Justine will follow up to make sure that Centennial was part of that assessment and shared that we haven't had a lock down due to some new AEGX software that we were going to be using. This software maps everything out and gets the calls and notifications out to the right people that need to know. There will be a drill completed shortly after Thanksgiving break. She also shared that dogs are a challenge to find lately because we need dogs that sniff for marijuana and those dogs are hard to find, especially being that marijuana is legal in California now.

11.3 FAMILY COMMUNITY PARTNERSHIP:

Superintendent, Jared Caylor shared that he was invited to a meeting which then brought him to become part of a partnership. Red Bluff started this 1 year ago, so they are ahead of us in the grant. This is driving by funding and is coming from the state.

There are 4 different pillars of schools

1. Individual student support
2. Expanded learning
3. Collaborative leadership
4. Neighborhood hub

If the district receives this money, we will need to increase staffing.

- Direct Services
- Contracting with businesses
- Office staff
- Someone to run the program

Corning Elementary is likely to move forward with this and will be hiring a director. It may be that the two districts can work together to have one centralized system. Ideas shared were holding services at one of their sights during the day and perhaps we hold them at night. Incorporating with our Adult Ed Program. Superintendent, Jared Caylor will meet with Tiffany Dietz, Corning El Supt, next month to discuss further details. This is a discussion item only and will be brought back for approval at the next meeting.

**11.4 CUHS
NEW
PARKING LOT:**

Superintendent, Jared Caylor shared that he received the DSA plans. The plans were shared and questions were discussed:

- If we have more parking spaced do we have to add more electric cars? YES
- There are some diamonds and planters (that is added cost), do we need to have that? YES, it is a requirement

Superintendent, Jared Caylor will look into having the placement moved and hopefully get some extra space and shade spots.

A draft of the softball layout was received 2 days ago, so that was briefly shared as well.

SERVICES DEFINED:

1. **SCHEMATIC DESIGN AND DESIGN DEVELOPMENT:** The ARCHITECT shall review with the CLIENT alternative approaches to design and construction of the Project. Based on the mutually accepted design program and project budget requirements, the ARCHITECT shall prepare, for approval by the CLIENT, Design Documents consisting of drawings and other documents appropriate for the Project.
2. **CONSTRUCTION DOCUMENTS:** Based on the approved Design Documents, the ARCHITECT shall prepare Construction Documents consisting of Drawings and Specifications setting forth, in detail, the requirements for the construction of the Project. The ARCHITECT shall assist the CLIENT in connection with the CLIENT's responsibility for filing documents required for the approval of governmental authorities having jurisdiction over the Project.
3. **BIDDING OR NEGOTIATION PHASE:** The ARCHITECT shall assist the CLIENT in obtaining bids or negotiated proposals in awarding contracts for construction.
4. **CONSTRUCTION PHASE:** The ARCHITECT shall be a representative of the CLIENT during the Construction Phase. Instructions to the Contractor shall be forwarded through the ARCHITECT. The ARCHITECT shall visit the site at intervals appropriate to the stage of construction to become generally familiar with the progress and quality of the Work and to determine in general if the Work is proceeding in accordance with the Contract Documents. However, the ARCHITECT shall not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. On the basis of such on-site observations, the ARCHITECT shall keep the CLIENT informed of the progress and quality of the Work, and shall endeavor to guard the CLIENT against defects and deficiencies in the Work of the Contractor. The ARCHITECT shall not have control of or be responsible for construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, for the acts or omissions of the Contractor, Subcontractors or any other persons performing any of the Work, or for the failure of any of them to carry out the Work in accordance with the Contract Documents. The ARCHITECT shall review the Contractor's submittals such as Shop Drawings, Product Data and Samples, but only for general conformance with the design concept of the Work and with the information given in the Contract Documents. Such action shall be taken with reasonable promptness so as to cause no delay.

CONSTRUCTION COST: It is recognized that neither the ARCHITECT nor the CLIENT has control over the cost of labor, materials or equipment, over the Contractor's methods of determining bid prices, or over competitive bidding or market conditions. Accordingly, the ARCHITECT cannot and does not represent that bids or negotiated prices will not vary from any opinions of cost or evaluation prepared by the ARCHITECT.

OWNERSHIP AND USE OF DOCUMENTS: Drawings and Specifications, as instruments of service, are and shall remain the property of the ARCHITECT whether the Project for which they are made is executed or not. The Drawings and Specifications shall not be used by the CLIENT on other projects, for additions to the Project, or for completion of this Project by others except by written agreement and with appropriate compensation to the ARCHITECT.

MISCELLANEOUS PROVISIONS: Notwithstanding any other provisions in this Agreement to the contrary, nothing herein contained shall be construed as:

1. Constituting a guarantee, warranty or assurance, either express or implied, that the Architectural Services will yield or accomplish a perfect outcome for the Project; or
2. Obligating the Consulting Architect to exercise professional skill or judgment greater than that which can reasonably be expected from other architect under like circumstances; or
3. An assumption by the Consulting Architect of the liability of any other party.
4. The Americans with Disabilities Act (ADA) provides that it is a violation of the ADA to design and construct a facility that does not meet the accessibility and usability requirements of the ADA. The Client understands that the requirements of the ADA will be subject to various and possibly contradictory interpretations. The Architect therefore, will use its reasonable professional efforts and judgment to interpret applicable ADA requirements and other federal, state and local laws, rules, codes, ordinances and regulations as they apply to the Project. The Architect, however, cannot and does not warrant or guarantee that the Client's Project will comply with all interpretations of ADA requirements and/or requirements of other federal, state and local laws, rules, codes, ordinances and regulations as they apply to the Project.

5. In the event of any litigation or other dispute resolution arising from or related to this agreement or the services provided under this agreement, the prevailing party shall be entitled to recover from the non-prevailing party all reasonable costs incurred, including staff time, court costs, attorneys' fees, and all other related expenses in such litigation.
6. If any one or more of the terms, provisions, or conditions of this Agreement are declared invalid, unenforceable, or void by a court of competent jurisdiction, none of the remaining terms, provisions, or conditions shall be affected and shall be valid and enforceable."
7. This Agreement shall be governed by the laws of the State of California, except it will be conclusively presumed that both parties had an equal part in the drafting of this Agreement.

LIMITATION OF LIABILITY: The CLIENT agrees to limit the ARCHITECT's liability to the CLIENT and to all construction contractor and subcontractors on the Project, due to the ARCHITECT's breach of contract, negligent acts, errors, or omissions, such that the total aggregate liability of the ARCHITECT to all those named shall not exceed \$100,000, or the amount of the ARCHITECT's fee, whichever is greater. The CLIENT further agrees to require of the Contractor a similar limitation of liability of the ARCHITECT and of the CLIENT to the Contractor and Subcontractors due to the ARCHITECT's negligent acts, errors or omissions. It is understood and agreed that the ARCHITECT has no constructive use of CLIENT's site; has no control or authority over the means, methods, and sequences of construction; and therefore has no ongoing responsibility whatsoever for construction site safety, a responsibility that has been wholly vested in the general contractor. Notwithstanding the above, ARCHITECT has a duty to preserve and protect public health, safety, and welfare. Accordingly, it is ARCHITECT's professional responsibility to take what ARCHITECT believes are prudent measures should ARCHITECT encounter situations that ARCHITECT believes create a danger to public health, safety, or welfare. OWNER understands this situation and agrees to defend ARCHITECT and hold ARCHITECT harmless from claims arising from ARCHITECT's exercise of professional responsibility in this regard.

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD NOT MET - Projected ratio of unrestricted salary and benefit costs to total unrestricted expenditures has changed by more than the standard in any of the current year or two subsequent fiscal years. Provide reasons why the change(s) exceed the standard and a description of the methods and assumptions used in projecting salaries and benefits.

Explanation:
(required if NOT met)

The district moved some salaries and benefits from the unrestricted funds to restricted funds causing the ratio to drop.

6. CRITERION: Other Revenues and Expenditures

STANDARD: Projected operating revenues (including federal, other state and other local) or expenditures (including books and supplies, and services and other operating), for any of the current fiscal year or two subsequent fiscal years, have not changed by more than five percent since budget adoption. Changes that exceed five percent in any major object category must be explained.

Other State Revenue (Fund 01, Objects 8300-8599) (Form MYPI, Line A3)

Current Year (2023-24)	1,739,216.00	2,289,444.00	31.6%	Yes
1st Subsequent Year (2024-25)	1,734,883.00	1,863,638.00	7.4%	Yes
2nd Subsequent Year (2025-26)	1,725,877.00	1,863,138.00	8.0%	Yes

Explanation:
(required if Yes)

The increase in current year is attributed to receiving funds not budgeted at adoption. The unexpected funds are resources 6770, Prop 28 \$181,623, and 6762, Art & music \$178,323. The subsequent years is a reduction in revenues in resources 6762, \$178,323; 7422, \$220,522.

Other Local Revenue (Fund 01, Objects 8600-8799) (Form MYPI, Line A4)

Current Year (2023-24)	1,338,571.00	1,503,263.00	12.3%	Yes

2nd Subsequent Year (2025-26)	851,762.00	1,016,454.00	19.3%	Yes

Explanation:
(required if Yes)

The current year revenue increase is due to revenue that was deferred in resource 9824, CALSHAPE. The subsequent years is the removal of revenue from resources 9824, CALSHAPE, and 9020, Promise Neighborhood.

Books and Supplies (Fund 01, Objects 4000-4999) (Form MYPI, Line B4)

Current Year (2023-24)	1,154,700.00	1,312,731.00	13.7%	Yes

2nd Subsequent Year (2025-26)	1,154,700.00	1,069,004.00	-5.7%	Yes

Explanation:
(required if Yes)

Subsequent year 1 expenditures are down from previously stated amounts due to reclassifying expenditures from resource 6762 from obj 4xxx to obj 5xxx and the desire of the district's board to spend the funds in the current year as opposed to subsequent year 1 as previously reported.

Services and Other Operating Expenditures (Fund 01, Objects 5000-5999) (Form MYPI, Line B5)

Current Year (2023-24)	2,550,656.00	2,630,845.00	3.1%	No

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)

2. Contracted general administrative positions not paid through payroll

a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800.

b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates

the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs Incurred in the current year (Part III, Line A8)	1,663,680.21
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	(140,720.99)
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (5.85%) times Part III, Line B19); zero if negative	376,184.14
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (5.85%) times Part III, Line B19) or (the highest rate used to recover costs from any program (5.84%) times Part III, Line B19); zero if positive	0.00
D. Preliminary carry-forward adjustment (Line C1 or C2)	376,184.14
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	not applicable
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
LEA request for Option 1, Option 2, or Option 3	1
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	376,184.14

Assumptions and Explanations (enter or attach documentation)

The assumptions upon which this certification is made are as follows:

The district uses multiple published data sources to determine the sustainability of the agreement. Original Budget data sources, including the LCFF calculator, future years COLA percentages, and feeder school enrollments, support the sustainability of this agreement.

All figures used in the calculation of the agreement were figured using the LCFF calculator available at Original Budget.

The classified salary schedule has been revised to reflect the agreed upon amount of 10.19%.

Concerns regarding affordability of agreement in subsequent years (if any):

Disclosure of Collective Bargaining Agreement

A. Were any additional steps, columns, or ranges added to the schedules? (If yes, please explain):

No additional steps, columns or ranges were added to the classified schedule.

B. Proposed Negotiated Changes in Health and Welfare Benefits:

No changes were made to health and welfare benefits.

C. Proposed Negotiated Changes in Non-Compensation Items (e.g., class size adjustments, staff development days, teacher prep time, etc).

Non-Compensation items proposed are clean up language to the following articles: 8, 11, 19, 20 and 21 and Appendix H.

D. What are the specific impacts (positive or negative) on instructional and support programs to accommodate the settlement? Include the impact of changes such as staff reductions or increases, program reductions or increase, elimination or expansion of other services or programs (i.e., counselors, librarians, custodial staff).

Article 20 specifically agrees the District will provide, as part of the already agreed upon 182 day assignment, a work day prior to the start of the school year for IBIs and paraeducators to receive training and student orientation. This will provide these staff members with information specific to the student population they work closely with.

E. What contingency language is included in the proposed agreement (i.e., reopeners, etc)?

F. Will this agreement create, increase or decrease deficit financing in the current or future year(s)? "Deficit Financing" is defined to exist when a district's expenditures exceeds its revenues in a given year. If yes, explain the amounts and justification for doing so.

The agreement will decrease the current year deficit by \$39,681.

Disclosure of Collective Bargaining Agreement

G. Identify other major provisions that do not directly affect the district's costs such as binding arbitration, grievance procedures, etc.

There are no major provisions in connection with this agreement.

H. Source of Funding for Proposed Agreement

1. Current Year

The increase will be funded by the district's current revenues and the deficit from fund balances.

2. If this is a single year agreement, how will the ongoing cost of the proposed agreement be funded in future years (i.e., what will allow the district to afford this contract)?

The district will continue to fund the ongoing cost of this agreement with various revenue sources, mainly LCFF revenues.

3. If multi-year agreement, what is the source of funding, including assumptions used, to fund these obligations in future years? (Remember to include compounding effects in meeting obligations).

**Developer Fee Report
Annual Report for Fiscal Year 2022-2023
&
Five-Year Report for Fiscal Years
2018-2019 through 2022-2023**

Introduction

Government Code 66006 requires that an annual report of income and expenditures from developer fees and the beginning and ending fund balances in the Capital Facilities Fund be made available to the public within 180 days, after the end of each fiscal year.

Government Code 66001 requires a five-year report if there are any funds remaining in the Fund at the end of the prior fiscal year. The five-year report identifies the project to which the fee is to be applied and identifies all sources and amounts of funding anticipated to complete financing on incomplete improvements.

This report is intended to provide the information required by law to be reported on an annual and five-year basis.

Annual Developer Fee Report for the 2022-2023 Fiscal Year

The following is a report of the financial activity that has occurred during Fiscal Year 2022-23.

- a) Provide a brief description of the type of fee in the account or fund:

The District's Capital Facilities Fund (Fund 25) contains fees collected from residential, commercial and self-storage development. The Fund also contains any interest generated from the corpus of the funds deposited therein. Fund 25 is segregated from all other funds of the District. In the 2022-2023 Fiscal Year the District collected a total of \$84,369.90 in developer fees, paid administrative fees of \$1,207.16, and earned \$87,070.77 in interest from the corpus of the funds deposited in Fund 25.

- b) Provide the amount of the fee:

	Residential	Commercial
Developer Fee	\$3.61	\$0.58

The Corning Union Elementary School District collects all developer fees within city limits and Red Bluff Union High School District collects developer fees within the county. Moreover, both Districts charge an administrative fee for collecting developer fees on behalf of Corning Union High School District.

- c) Provide the beginning and ending balance of the account or fund:

The Beginning Fund Balance in Fund 25 on July 1, 2022, was \$162,630.25.

The Ending Fund Balance on June 30, 2023, was \$329,791.70

- d) Provide the amount of the fees collected and the interest earned:

Type	Amount
Residential	\$80,422.88
Commercial	\$ 3,947.02
Self-Storage	\$ 0.00
Total fees collected	\$84,369.90

- e) Identify each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees.

Project	Project Cost	% funded by developer fees
Level 1 Fee study	\$2,750	100
Total Expenditures of developer fees	\$2,750	100

- f) Identify an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement

There were no Fund 25 projects for the 2022-23 Fiscal Year.

- g) Describe each interfund transfer or loan made from the account of fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, the date on which the loan will be repaid, and the rate of interest that the account or fund will receive on the loan.

No interfund transfers or loans have been made from Fund 25 in the 2022-2023 Fiscal Year.

- h) The amount of refunds made pursuant to subdivision (e) of Section 66001 and any allocations pursuant to subdivision (f) of Section 66001.

No refunds were made during 2022-2023 Fiscal Year.

Five-Year Report for Fiscal Years 2018-2019 through 2022-2023

Five Year Financial Report Government Code 66001 requires that for the fifth fiscal year following the first deposit into the account or fund, and every five years thereafter, the local agency shall make all of the following findings with respect to that portion of the account or fund remaining unexpended, whether committed or uncommitted:

- a) Identify the purpose to which the fee is to be put.

The District has reached its classroom capacity for the CTE wing and shop. The new facilities project will be funded in part by the remaining balance in Fund 25, Developer Fees, in part by Fund 35, County School Facilities and in part by Fund 01, General. The design of the new classroom building and shop has begun with a completion date expected in Spring 2024. The District anticipates that construction will commence in Fall 2024 and will be completed in the Fall of 2025. The cost of the new building is estimated at \$8,500,000.00.

- b) Demonstrate a reasonable relationship between the fee and the purpose for which it is charged.

The purpose of collecting these fees are for capacity enhancement and modernizations to capital facilities. The current shop no longer accommodates the increased student enrollment in CTE programs and lacks proper ventilation.

- c) Identify all sources and amounts of funding anticipated to complete financing of incomplete improvements identified in paragraph (2) of subdivision (a).

The project identified above will be funded in part by Fund 25, Developer Fees, \$329,791.70; in part from Fund 35, County School Facilities, \$3,519,266.30; and in part by Fund 01, General Fund, \$4,650,942.

- d) Designate the approximate dates on which the funding referred to in subparagraph (c) is expected to be deposited into the appropriate account or fund.

Fund 25 Developer Fees. As of June 30, 2023, the Fund had a balance of \$329,791.70.

Fund 35, County School Facilities. As of June 30, 2023, the Fund had a balance of \$6,028,948.36.

Fund 01, General Fund. As of June 30, 2023, the Fund had a balance of \$11,449,663.84.

The following is a table showing the historical collection and expenditure of developer fees for the Cold Spring School District:

2023 | Governance Handbook

Board of Trustees

Larry Glover, President
 Jim Bingham, Clerk
 Todd Henderson, Member
 Tony Turri, Member
 Cody Lamb, Member

Superintendent

Jared Caylor

The mission of the Corning Union High School District is to develop students who are responsible, respectful, and ready for all post-secondary opportunities they choose to pursue.

Unity of Purpose, Roles and Responsibilities, Norms, Agreements

This handbook reflects the governance team's work on the creation of a framework for effective governance. This involves ongoing discussions about the unity of purpose, roles, norms, and coming to an agreement on protocols for formal structures that enable the governance team to continue to perform its responsibilities in a way that best benefits all children.

Building a Governance Team

Unity of Purpose

School district governance is the act of transforming the needs, wishes, and desires of the community into policies that direct the community's schools.

In a school district, the Board and Superintendent work together as a governance team. For a governance team to work together effectively, members need to: Maintain a unity of purpose, agree on and govern within appropriate roles, create and sustain a positive governance culture, and; create a supportive structure for effective governance.

What do we, as a governance team, want to accomplish?

What do we stand for?

- Our shared purpose is to have the best learning environment for all students.
- We want to build trust and move the District forward.
- We want to be an effective team.
- We want to understand our individual jobs and collective responsibilities.
- We want to be a team with a common focused direction, so we are not a distraction to the District or community but a catalyst for the focused efforts of employees, and the community can see evidence of this focused direction.
- We want to be partners with the staff in positive change.
- We want to oversee the putting together of a first-rate program and first-rate facilities, making sure we continue to improve – never resting on our laurels.
- We want to perpetuate a legacy of positive culture as people come and go.

Roles and Responsibilities

The role of Trustees is to stay focused on the big picture while fulfilling five responsibilities in a series of job areas. These five responsibilities are:

- We set the direction.
- We establish the structure.
- We provide support.
- We ensure accountability.
- We act as community leaders.

We carry out these responsibilities in each of the following job areas:

- Setting the District's Direction
- Student Learning and Achievement
- Finance
- Facilities
- Human Resources
- Policy
- Judicial Review
- Collective Bargaining
- Community Relations and Advocacy

The Superintendent assists the Board in carrying out its responsibilities in each of the job areas and leads the staff toward the accomplishment of the agreed-upon District vision and goals.

Creating and Sustaining a Positive Governance Team Culture

Culture is the positive or negative atmosphere created by the way people in an organization treat each other. Teams have unwritten (implicit) or written (explicit) agreements about how they will behave with each other and others. These behavioral ground rules, often called norms, enable teams to build and maintain a positive culture or shift a negative one.

Governance Norms

In order to make meetings positive and productive experiences for all, we make the following collective commitments to each other.

- *We will start and end meetings on time, as published in the agendas.*
- *We will prepare for meetings by researching topics and asking questions in advance.*
- *We will trust the expertise of District employees in implementing the mission and board policy.*
- *We will treat everyone in a respectful and fair manner and be open-minded to all points of view.*
- *We will create an environment where communication is accessible and audible for all.*
- *We will collectively support the authority of the Board as a whole, not as individuals.*
- *We will affirm the voices of the public while maintaining the structure under the Brown Act.*

WE AGREE TO –

- Make a commitment to effective deliberation, each listening openly while everyone is allowed to express his or her point of view.
- Commit the time necessary to govern effectively. This means being there, being knowledgeable, participating, understanding the full scope of being a Board Member, and being willing to take on all the responsibilities involved.
- Be collaborative (this is the way we operate)!
- Maintain confidentiality (builds trust).
- Look upon history as lessons learned; focus on the present and the future.

AND – ABOVE ALL –

- Focus on students' best interests – on what's best for the students! This is what we do! And it is the touchstone that allows us to have our differences.

BOARD AND SUPERINTENDENT OPERATING PROCEDURES

Purpose:

The Board of Trustees is the educational policymaking body for the District. To meet the District's challenges effectively, the Board and Superintendent must function together as a leadership team. To ensure unity among team members, effective operating procedures and protocols must be in place.

The Board and Superintendent Will:

- Be dedicated to making all members of the team successful.
- Operate in an honorable and honest manner dedicated to the success of the students and staff of the District.
- Treat others and be treated with dignity and respect.

Board Members Will:

- Work with other Board Members and the Superintendent to become a team devoted to students.
- Focus on policymaking, planning, and evaluation for student success.
- Recognize that the Board makes decisions as a whole only at properly scheduled meetings and that individual members have no authority to take individual action in policy or District/Site administrative matters.
- Respond to complaints by referring the complainant to the Superintendent.
- Support decisions of the majority after honoring the right of individual members to express opposing viewpoints and vote their convictions.
- Attend regularly scheduled Board meetings unless a situation occurs that makes attendance impossible.
- Cooperate in scheduling special meetings and/or work sessions for planning and training purposes.
- Participate in establishing annual expectations and goals for the Superintendent.
- Participate in self-assessment of the Board's performance.
- Communicate one-on-one with the Superintendent when an individual concern arises so as not to allow a matter to fester.
- Recognize the individual role of constituents and special interest groups while understanding the importance of using one's best judgment to represent all members of the community.

- Represent the District, when possible, by attending community functions.

Superintendent Will:

- Work toward creating a team with the Board dedicated to students.
- Respect and acknowledge the Board's role in setting policy and overseeing the performance of the Superintendent.
- Work with the Board to establish a clear vision for the District.
- Prepare preliminary goals annually for the Board's consideration.
- Provide data to the Board Members so that data-driven decisions can be made.
- Distribute information fully and equally to all Board Members.
- Communicate with Board Members promptly and effectively.
- Inform the Board prior to critical information becoming public.
- Share requests for information with all Board Members.
- Distribute the Board agenda in a timely fashion and with enough time for Board study, and clarify information prior to scheduled meetings.
- Respect the confidentiality requirement of Board meeting closed sessions; keep all conversations taking place in closed session strictly confidential.
- Publicly introduce Board Members at any events Board Members attend.
- Treat all Board Members professionally.
- Communicate privately with individual Board Members to determine if concerns exist prior to a possible problem developing.
- Conduct a self-assessment prior to the Board's evaluation of the Superintendent's job performance.
- Complete the Board's self-assessment instruments for the Board's consideration.
- Keep the Board informed regarding issues and/or situations that could possibly concern parents, students, staff, or community.
- Bring to the attention of the Board Members matters that affect relationships.
- Visit school sites regularly.
- Represent the District in the community.
- Endeavor to delegate duties to the appropriate persons.

Board Governance Protocols

1. Leadership Responsibility and Roles of the Board

- 1.1. Board members carry authority only as the Board, not as individuals. Individuals can request action by bringing up a new idea, explaining their interest in a particular course of action, and working to get a Board majority to support moving in that direction. When a majority of the Board, sitting in a formal meeting, requests action, that request should be made in the context of the intended results (what is to be accomplished), not the methods used to achieve those results.

In order to be effective representatives of the Board and District, members will:

- Behave in a manner that reflects positively on the District.
- Refrain from obligating the Board and/or administration by actual speech or implication, unless authorized to do so by the Board.
- Represent the Board at various school events.
- Refer any concerns, questions, or comments to the Superintendent as specified in the protocol on Responding to Concerns.
- Reinforce with the community the key messages agreed upon by the Board.

1.2. Responsibilities of Individual Board Members:

- Attend all Board meetings, committee meetings and functions, such as special events.
- Be informed about the organization's mission, services, policies, and programs.
- Review agenda and supporting materials prior to Board and committee meetings.
- Serve on committee or task forces and offer to take on special assignments.
- Inform others about the District.
- Follow conflict-of-interest and confidentiality policies.
- Refrain from making special requests of the staff.
- Assist the Board in carrying out its fiduciary responsibilities, such as reviewing the annual budget and audit.

2. Board Meetings and the Agenda

- 2.1. Meetings of the Board are held in public **but are not open-forum town hall meetings**. Meetings will be conducted in such a way as to allow the public to provide input in the time allotted to ensure that multiple voices of the community inform Board deliberations; however, when the Board deliberates, it will be a time for the trustees to listen and learn from each other, taking public input into consideration without re-engaging the public.
- 2.2. Board meetings will generally be on the **Third Thursday** of each month. Each Board meeting will begin with staff reports followed by closed session followed by open session business, generally starting at 5:45 pm. The regular public meeting will begin at 5:45 pm. There will be no regular July meeting.
- 2.3. The design of the Board agenda will follow the historical structure utilized by the Board. The design of the agenda may only be altered with the approval of the Board.
- 2.4. Board members will review the information provided to them and be open to ongoing professional development and training.
- 2.5. The Superintendent, with the support of staff, will create each Board agenda. In advance of the preparation of the Board agenda, Board members may request items to be placed on the agenda. The Board president and the Superintendent will discuss the contents of the agenda and the process that will be followed at the meeting, in advance of the Board meeting.
- 2.6. The president will preside over meetings and move the meeting through public comment and the agenda. The Superintendents role will be to assist the president when called upon and to provide the staff report (sometimes through other staff members) portions of the agenda.
- 2.7. The Superintendent and Board believe that the need for information and/or clarification on agenda items is best accomplished by the submission of questions/requests for such ahead of meetings. This will allow for in-depth consideration of items without unduly lengthening the meeting time.

- 2.8. Board members will make every effort to submit, prior to the meeting, questions they intend to ask so that the Superintendent and district staff have the opportunity to prepare to answer Board members' questions at Board meetings.
- 2.9. When an individual Board member requests information, that information will be provided to all Board members. If unforeseen questions arise during the meeting, trustees will acknowledge their question or comment as spontaneous and that they understand that staff may not have the information on hand to answer the question.
- 2.10. Any request of the staff which will take more than 30 minutes to fulfill, must be made by the majority of the Board so as not to detract staff from focused efforts that are meant to move the District toward achieving the year's goals.
- 2.11. Individual Board members are expected to self-monitor compliance to Public Meeting laws, including limiting closed session to the legally appropriate agenda item(s).
- 2.12. **Public Participation**
 - 2.12.1. Since the Public Meeting Law (Brown Act) expressly prohibits discussion leading to action from being conducted **unless agendized**, governance team members are strongly encouraged to refrain from engaging members of the public in dialogue about issues not on the agenda.
 - 2.12.2. In general, citizens and residents wishing to "dialogue" with members should be encouraged to contact individual members and discuss issues of importance with them or the Superintendent as appropriate.
 - 2.12.3. As a result of a comment under public communication, a member may ask the Superintendent to briefly comment for clarity or correction. The member may also ask that a matter be investigated, with or without a follow-up report to the Board.
 - 2.12.4. If a governance team member feels compelled to speak to the issue, the member must first be recognized by the Board president. **The comments must be brief and only clarifying or correcting.** Any further discussion should be agendized.

2.13. Public Comment:

2.13.1. Time limits, generally 3 minutes per speaker, 20 minutes per subject will be imposed by the Board president. The Board president may rule on the appropriateness of a topic. If the topic would be more suitably addressed at a later time, the president may indicate the time and place when it should be presented.

2.14. During the portion of the meeting reserved for Board member Reports/Communications, Board members shall only provide information (i.e. activities or professional development they have attended as a Board member). They may request items to be placed on future agendas, but due to the Brown Act, they shall not make statements having an effect on pupils, employees, or services provided by the District. It is important that this time in the agenda not be used to engage in discussion on items not on the agenda or for partisan political statements.

2.15. The use of social media by Board members will be limited to personal topics not related to the school District except in the case where the Board member is reposting informational items published by the District and about the District, including District approved organizations such as Parent Teacher Association/Boosters, etc.

2.16. The governance team will strive for brevity in deliberations, keeping remarks brief and to the point so that all opinions can be expressed and meetings can be efficient. Addressing each agenda item the Board shall, normally, adhere to the following process:

- Input from the Community
- Staff Presentation/addressing questions from the Board
 - Staff members, when presenting items to the Board, are to provide appropriate back-up material for the Board to review prior to the Board meeting. If it is necessary to provide a presentation to the Board, presentations are to be limited to not more than 7 minutes, unless prior approval of the president is received.
- Board Discussion and Deliberation

2.17. Board members individually and collectively demonstrate confidentiality as appropriate and as outlined through the

mandates of the California Education Code, the Brown Act, and other compliance criteria established by law or legislation. Respecting the confidentiality of information maintains the Board's judicial review role.

- 2.18. The use of email and social communication is subject to the Public Meeting Law. The Superintendent shall forward questions and answers to all Board members. Board members, when responding, may not "reply to all."
- 2.19. The Board wishes to maintain a culture of professionalism, stay focused, and respect the need of trustees to be available to their families:
 - Electronic devices will be set for 'silent' or vibrate.
 - Trustees will be discreet in checking electronic devices.
- 2.20. The Board believes that when no legal reason exists of a conflict of interest, its members have a duty to vote on issues before them. If a Board member abstains, they will explain the rationale for doing so.
- 2.21. When a member abstains, his/her abstention shall not be counted for purposes of determining whether a majority of the membership of the Board has taken action.
 - 2.21.1. Abstentions are most appropriate in cases where there is a personal relationship between a litigant and a member (perception of bias), a decision that financially impacts the member or his or her immediate family (legal conflict), or a personal connection to the member that may bias a decision on discipline.
 - 2.21.2. When abstaining because there may be a perception of bias, the member is encouraged to so state.
 - 2.21.3. Where an actual legal conflict of interest exists, the member must publicly declare the conflict and recuse him or herself from voting at all.
- 2.22. Board members will model professional behavior by being polite and respectful of the points of view held by their fellow

governance team members. The governance team will address one another by their first name.

- 2.23. Each Board member respects the right of other Board members to vote in the minority position. In so doing, each Board member agrees, as a courtesy to the team, to explain the reason for their minority vote, either during deliberation or after casting the vote.
- 2.24. Parliamentary procedures are to be utilized as a guide to ensure for the most effective and efficient Board meeting possible. Accordingly, the Board utilizes Rosenberg's parliamentary procedures as its guide to managing the agenda of each Board meeting.
- 2.25. Upon the request of an individual Board member, a roll call vote will be provided.
- 2.26. The protocol for recording the votes of the individual Board members shall follow the rotation established by the Board.
- 2.27. The Governing Board recognizes the importance of developing a system of internal control procedures in order to help fulfill its obligation to monitor and safeguard district resources and to ensure that invoices are paid expeditiously. The warrant process protocol is that warrant list will be placed on the consent calendar for approval. The warrants will always be available and attached as back-up at the time of posting of the agenda.
- 2.28. As a general practice, on any non-routine expense in excess of \$50,000, an email will be sent to the Board to ensure there are no objections to the expense.

2.29. Decisions of the Board

- 2.29.1. Governance team members are reminded that policy and decisions reserved to the Board must be made as a Board. Except where otherwise indicated in the Education or Government Codes, a majority consists of 3 of 5 members of the Board voting for an item. Once the decision has been made, it becomes the decision of "the Board."
- 2.29.2. Under the concept of majority rule, each member is compelled to support the successful implementation of a policy

decision, program, or procedure even when he or she does not agree with the decision.

2.29.3. If a member of the governance team cannot support the decision of the Board because it offends a moral/personal code, the member is expected, at a minimum, to refrain from undermining the decision or directive.

2.30. Whenever Board members are appointed or elected to serve on the Board, the Superintendent shall administer the Oath of Office at a meeting of the Board.

2.31. **Chart of Policy Revision Process- To be addressed at a future Board Meeting.**

Step 1 - District receives policy update packet from CSBA

Step 2 – Administrative assistant distributes policies for Superintendent review and comments

Step 3 - Superintendent reviews updated recommended policy changes, Superintendent provides to the Board at Board meeting 1, in typed form, appropriate comments and edits. The backup information will include both the original policy and the proposed updated policy.

Step 4 - Board meeting 1 -The original packet of updated policies, with type written comments from the Superintendent, is placed on the Board agenda (Board meeting 1), under Reports and Information, and is considered as first reading by the Board.

Step 5 – If a Board member or community member would like to discuss one or more of the policies provided, they will request specific said policies be pulled for discussion at the next Board meeting (Board meeting 2) and placed under the Action section of the agenda. These policies presented to the Board, on which they have no concerns or questions, will be placed under the Consent agenda (second reading and for approval) at the next Board meeting (Board meeting 2) for action.

Step 6 – The policies requested by individual Board member to be discussed shall be placed under the Action section of the Board agenda (second reading and approval). Discussion will take place prior to a motion to approve said policies.

3. The Board's Role and Relationship with the Staff and Community

3.1. **Rationale:** Board members want to be responsive to the community and consistent in their response. But we recognize that individual Board members do not have the legal authority to resolve issues and complaints, as stated in BB 9200, Limits of Board Member Authority. Therefore, when a Board member is approached by a community or staff member with an issues or concern, he/she will:

3.1.1. **Receive** – Listen without interruption and without preparing a response to the person's issues or concerns.

3.1.2. **Recuse** – When the issue is one that may come before the Board in our role as a judicial/appeals body (such as personnel and expulsion hearings). In which case, Board members will explain to the constituent that they are unable to hear any information on that topic. Listening further would require a Board member to recuse him/herself when the item comes before the Board, much the same way that a juror would be dismissed from a court proceeding if he/she heard evidence about a case in advance and outside the courtroom. Remind the constituent of the importance of your presence at the hearing.

3.1.3. **Repeat** – If it is appropriate for us to listen to the concern, we will paraphrase or ask a clarifying question to ensure understanding of what has been said.

3.1.4. **Request** – Ask what the person sees as the solution to the problem or concern. Ask what they would have us do with the information they have given us.

3.1.5. **Review** – The conversation (and next steps, if any).

3.1.6. **Redirect** – Put the person back into the system at the appropriate place.

3.1.7. **Report** – Notify the Superintendent of the conversation so that he has the full picture and can follow through as appropriate and/or necessary.

3.2. Board members will be actively involved in the District through observations and individual stakeholder engagement. The involvement of individual Board members on committees shall only

be on external committees and by official appointment by the Board. (An example of a Board committee would be a 2+2+2 committee with the city and school district.)

- 3.3. When interacting with the public and their constituents, Board members will hold to the highest level of professional and ethical conduct, including emphasizing the positive aspects of the District.
- 3.4. When individually visiting schools or departments in your capacity as a Board member, as a professional courtesy, Board members are encouraged to notify the Superintendent that they will be visiting a school or department, and may provide input to the Superintendent on issues or concerns that may arise from such a visit.

At no time, while visiting schools, shall a member make promises, either overt or implied, interfere with the administration, or involve him or herself in personnel issues, student records, or union activities.

To assist in this matter, the Superintendent will ensure that principals and teachers know that a teacher does not need to interrupt his/her lesson when a visitor is in his/her classroom.

- 3.5. Board members shall not request any information from staff beyond that which would be provided to any regular community member. Staff members are directed to relay requests from Board members to their supervisor to ensure that appropriate information is provided to all Board members.

Management staff are directed to relay requests from Board members to the Superintendent to ensure that appropriate information is provided to all Board members.

This protocol does not imply a censoring of any private and informal conversations.

4. The Board's Role in Collective Bargaining

- 4.1. Board members will be actively involved in the collective bargaining process to ensure that the District is represented well by those selected to negotiate on behalf of the Board and the community. The involvement of the Board will be to:

- Ensure the ethical, fiscal and educational goals of the community are represented in the actions taken throughout the collective bargaining process;
- Participate by providing direction and guidance to those selected to represent the Board (District Negotiation Team). Board members do not attend at-the-table negotiations. And the Board believes that the collective bargaining process shall be as transparent as possible;
- Establish the bargaining approach to be utilized by its negotiation team;
- Set the District's collective bargaining parameters for its negotiation team;
- Expect, as the representative of the Board, that the Superintendent will ensure that the Board, collectively and individually, is informed on the issues and strategies implemented within the collective bargaining process.
- The Superintendent is the collective bargaining spokesperson for the Board.

5. The Board's Relationship with the Superintendent

- 5.1. The Board will commit to work through and with the Superintendent on issues regarding the running of the District. The Superintendent will inform the Board as soon as possible of:
- Serious safety concerns
 - Serious disciplinary action
 - Serious/unexpected personnel changes or disciplinary issues
 - Serious illness or death of a student or a staff member
 - Legal or liability concerns
 - Notable achievements
 - Anytime law enforcement or fire (for a fire) is on a site during business hours for an emergency.
 - When a student is missing from a school site or event.
 - Burglary of District Property

In all matters, the Board and Superintendent are expected to protect confidential information.

- 5.2. It is the Superintendent's responsibility to organize the staff in the manner that best serves the needs of the District. As a professional courtesy, the Superintendent shall provide appropriate notice to the Board in advance of action being taken.
- 5.3. As the norm, the Superintendent speaks on behalf of the Board. The Board president is authorized to speak on behalf of the Board, when necessary.
- 5.4. The Superintendent will inform the Board when media contacts the Superintendent.
- 5.5. The Board recognizes the success of the Superintendent is critical to the success of the students and the District. As such, the Board believes the Superintendent should have an experienced professional mentor/advisor who is not affiliated with the District.
- 5.6. All conflicts between the Superintendent and the Board will be handled in closed session, with the Superintendent being in attendance, when appropriate and necessary.

Conflicts between individual Board members and/or the Superintendent will be addressed privately between those who hold the conflict and will not involve other members of the Board or the public (community, staff, media, etc.).

- 5.7. The Board commits to complete an annual evaluation of the Superintendent. The Board will set aside at least one special meeting in October for the purpose of completing the annual evaluation of the Superintendent. In consultation with the Superintendent, the evaluation process and associated documents will be developed and approved by the Board, not later than the first Board meeting in November.
- 5.8. The evaluation process and instrument is designed to bring about the collective view of the Board. Thus, the evaluation will reflect the majority view of the Board as a whole. To better attain this majority view, the Board will work with a professional from outside the District to facilitate the evaluation process and the composing of the Superintendent's evaluation.

6. The Ongoing Implementation of Board Approved Protocols

6.1. New Board Members (Elected or Appointed)

An administrative orientation by the Superintendent and senior staff will be provided to new members of the Board. Training may be provided by county and state organizations, consultants, or led by staff. The training shall, whenever possible, take place prior to the first Board meeting of the new Board member.

The orientation is intended to be a conversation and overview of the things members need to know immediately. Questions will be answered, and the Board meeting structure, Superintendent contract, Superintendent objectives, Board policies, an overview of the services and programs, and the major challenges being faced will be outlined and discussed.

Each orientation may be slightly different depending upon the needs and interests of the incoming members and the major issues before the Board.

- 6.2. Within 90 days of the election/appointment of a new Board member or appointment of a new Superintendent, a study session of the whole Board will be held for the purpose of review/updating the governance protocols of the Board.

Upon the request of two or more Board members, a special study session will be called for the purpose of reviewing/updating of the governance protocols of the Board.

7. Notice of Violation

- 7.1. What do we do when someone violates one of the protocols?

7.1.1. Principles/Assumptions

- We should expect that we will make mistakes.
- Self-monitoring our own behavior can be very difficult.
- Behavior in conflict with agreements erodes trust.
- Behavior that is not challenged is condoned.
- Confronting another team member can:
 - Be difficult. If done poorly, it can be damaging.

- If done correctly, it demonstrates that the Board is a highly functional team!

Any other use of this report is unauthorized without first consulting with TCS.

This report is for fiscal year July 1, 2022 to June 30, 2023, using a measurement date of June 30, 2023. The calculations in this report have been made based on our understanding of plan provisions and actual practice at the time we were provided the required information. We relied on information provided by Corning Union High School District. Much or all of this information was unaudited at the time of our evaluation. We reviewed the information provided for reasonableness, but this review should not be viewed as fulfilling any audit requirements. We relied on the following materials to complete this study:

- We used paper reports and digital files containing participant demographic data from the District personnel records.
- We used relevant sections of collective bargaining agreements provided by the District.

All costs, liabilities, and other estimates are based on actuarial assumptions and methods that comply with all applicable Actuarial Standards of Practice (ASOPs). Each assumption is deemed to be reasonable by itself, taking into account plan experience and reasonable future expectations and in combination represent our estimate of anticipated experience of the Plan.

This report contains estimates of the Plan's financial condition and future results only as of a single date. Future results can vary dramatically and the accuracy of estimates contained in this report depends on the actuarial assumptions used. This valuation cannot predict the Plan's future condition nor guarantee its future financial soundness. Actuarial valuations do not affect the ultimate cost of Plan benefits, only the timing of Plan contributions. While the valuation is based on individually reasonable assumptions, other assumption sets may also be reasonable and valuation results based on those assumptions would be different. Determining results using alternative assumptions (except for the alternate discount and trend rates shown in this report) is outside the scope of our engagement.

Future actuarial measurements may differ significantly from those presented in this report due to factors such as, but not limited to, the following: plan experience differing from that anticipated by the economic or demographic assumptions; changes in economic or demographic assumptions; increases or decreases expected as part of the natural operation of the measurement methodology (such as the end of an amortization period or additional cost or contribution requirements based on the plan's funded status); and changes in plan provisions or applicable law. We were not asked to perform analyses to estimate the potential range of such future measurements.

The signing actuary is independent of Corning Union High School District and any plan sponsor. TCS does not intend to benefit from and assumes no duty or liability to other parties who receive this report. TCS is not aware of any relationship that would impair the objectivity of the opinion.

On the basis of the foregoing, I hereby certify that, to the best of my knowledge and belief, this report is complete and has been prepared in accordance with generally accepted actuarial principles and practices and all

applicable Actuarial Standards of Practice. I meet the Qualifications Standards of the American Academy of Actuaries to render the actuarial opinion contained herein.

PART II: LIABILITIES AND COSTS FOR RETIREE BENEFITS

A. Introduction.

We calculated the actuarial present value of projected benefit payments (APVPBP) separately for each participant. We determined eligibility for retiree benefits based on information supplied by Corning Union High School District. We then selected assumptions that, based on plan provisions and our training and experience, represent our best prediction of future plan experience. For each participant, we applied the appropriate assumption factors based on the participant's age, sex, length of service, and employee classification.

The actuarial assumptions used for this study are summarized beginning on page 14.

B. Liability for Retiree Benefits.

For each participant, we projected future premium costs using an assumed trend rate (see Appendix C). To the extent Corning Union High School District uses contribution caps, the influence of the trend factor is further reduced. We multiplied each year's benefit payments by the probability that benefits will be paid; i.e. based on the probability that the participant is living, has not terminated employment, has retired and remains eligible. The probability that benefit will be paid is zero if the participant is not eligible. The participant is not eligible if s/he has not met minimum service, minimum age or, if applicable, maximum age requirements.

The product of each year's benefit payments and the probability the benefit will be paid equals the expected cost for that year. We multiplied the above expected cost figures by the probability that the retiree would elect coverage. A retiree may not elect to be covered if retiree health coverage is available less expensively from another source (e.g. Medicare risk contract) or the retiree is covered under a spouse's plan. Finally, we discounted the expected cost for each year to the measurement date June 30, 2023 at 3.65% interest.

For any *current retirees*, the approach used was similar. The major difference is that the probability of payment for current retirees depends only on mortality and age restrictions (i.e. for retired employees the probability of being retired and of not being terminated are always both 100%).

The value generated from the process described above is called the actuarial present value of projected benefit payments (APVPBP). We added APVPBP for each participant to get the total APVPBP for all participants which is the estimated present value of all future retiree health benefits for all *current* participants. The APVPBP is the amount on June 30, 2023 that, if all actuarial assumptions are exactly right, would be sufficient to expense all promised benefits until the last participant dies or reaches the maximum eligibility age. However, for most actuarial and accounting purposes, the APVPBP is not used directly but is instead apportioned over the lifetime of each participant as described in the following sections.

Total Compensation Systems, Inc.

C. Actuarial Accrual

Accounting principles provide that the cost of retiree benefits should be “accrued” over employees' working lifetime. For this reason, the Governmental Accounting Standards Board (GASB) issued in June of 2015 Accounting Standards 74 and 75 for retiree health benefits. These standards apply to all public employers that pay any part of the cost of retiree health benefits for current or future retirees (including early retirees), whether they pay directly or indirectly (via an “implicit rate subsidy”).

To actuarially accrue retiree health benefits requires determining the amount to expense each year so that the liability accumulated at retirement is, on average, sufficient (with interest) to cover all retiree health expenditures without the need for additional expenses. There are many different ways to determine the annual accrual amount. The calculation method used is called an “actuarial cost method” and uses the APVPBP to develop expense and liability figures. Furthermore, the APVPBP should be accrued over the working lifetime of employees.

In order to accrue the APVPBP over the working lifetime of employees, actuarial cost methods apportion the APVPBP into two parts: the portions attributable to service rendered prior to the measurement date (the past service liability or Total OPEB Liability (TOL) under GASB 74 and 75) and to service after the measurement date but prior to retirement (the future service liability or present value of future service costs). Of the future service liability, the portion attributable to the single year immediately following the measurement date is known as the normal cost or Service Cost under GASB 74 and 75.

The service cost can be thought of as the value of the benefit earned each year if benefits are accrued during the working lifetime of employees. The actuarial cost method mandated by GASB 75 is the “entry age actuarial cost method”. Under the entry age actuarial cost method, the actuary determines the service cost as the annual amount needing to be expensed from hire until retirement to fully accrue the cost of retiree health benefits. Under GASB 75, the service cost is calculated to be a level percentage of each employee’s projected pay.

D. Actuarial Assumptions

The APVPBP and service cost are determined using several key assumptions:

- The current ***cost of retiree health benefits*** (often varying by age, Medicare status and/or dependent coverage). The higher the current cost of retiree benefits, the higher the service cost.
- The ***“trend” rate*** at which retiree health benefits are expected to increase over time. A higher trend rate increases the service cost. A “cap” on District contributions can reduce trend to zero once the cap is reached thereby dramatically reducing service costs.
- ***Mortality rates*** varying by age and sex (and sometimes retirement or disability status). If employees die prior to retirement, past contributions are available to fund benefits for employees who live to retirement. After retirement, death results in benefit termination or reduction. Although higher mortality rates reduce service costs, the mortality assumption is not likely to vary from employer to employer.
- ***Employment termination rates*** have the same effect as mortality inasmuch as higher termination rates reduce service costs. Employment termination can vary considerably between public agencies.
- The ***service requirement*** reflects years of service required to earn full or partial retiree benefits. While a longer service requirement reduces costs, cost reductions are not usually substantial unless the service period exceeds 20 years of service.

Total Compensation Systems, Inc.

- **Retirement rates** determine what proportion of employees retire at each age (assuming employees reach the requisite length of service). Retirement rates often vary by employee classification and implicitly reflect the minimum retirement age required for eligibility. Retirement rates also depend on the amount of pension benefits available. Higher retirement rates increase service costs but, except for differences in minimum retirement age, retirement rates tend to be consistent between public agencies for each employee type.
- **Participation rates** indicate what proportion of retirees are expected to elect retiree health benefits if a significant retiree contribution is required. Higher participation rates increase costs.
- The **discount rate** estimates investment earnings for assets earmarked to cover retiree health benefit liabilities. The discount rate depends on the nature of underlying assets for funded plans. The rate used for a funded plan is the **real** rate of return expected for plan assets plus the long term inflation assumption. For an unfunded plan, the discount rate is based on an index of 20 year General Obligation municipal bonds rated AA or higher. For partially funded plans, the discount rate is a blend of the funded and unfunded rates.

E. Total OPEB Liability

The assumptions listed above are not exhaustive, but are the most common assumptions used in actuarial cost calculations. If all actuarial assumptions are exactly met and an employer expensed the service cost every year for all past and current employees and retirees, a sizeable liability would have accumulated (after adding interest and subtracting retiree benefit costs). The liability that would have accumulated is called the Total OPEB Liability (TOL). The excess of TOL over the value of plan assets is called the Net OPEB Liability (NOL). Under GASB 74 and 75, in order for assets to count toward offsetting the TOL, the assets have to be held in an irrevocable trust that is safe from creditors and can only be used to provide OPEB benefits to eligible participants.

Changes in the TOL can arise in several ways - e.g., as a result of plan changes or changes in actuarial assumptions. Change in the TOL can also arise from actuarial gains and losses. Actuarial gains and losses result from differences between actuarial assumptions and actual plan experience. GASB 75 allows certain changes in the TOL to be deferred (i.e. deferred inflows and outflows of resources).

Under GASB 74 and 75, a portion of actuarial gains and losses can be deferred as follows:

- Investment gains and losses are deferred five years.
- Experience gains and losses are deferred over the Expected Average Remaining Service Lives (EARSL) of plan participants. In calculating the EARSL, terminated employees (primarily retirees) are considered to have a working lifetime of zero. This often makes the EARSL quite short.
- Liability changes resulting from changes in economic and demographic assumptions are also deferred based on the EARSL.
- Liability changes resulting from plan changes, for example, cannot be deferred.

2. Service Cost

The service cost represents the value of the benefit earned during a single year of employment. It is the APVPBP spread over the expected working lifetime of the employee and divided into annual segments. We applied an "entry age" actuarial cost method to determine funding rates for active employees. The table below summarizes the calculated service cost.

Accruing retiree health benefit costs using service costs levels out the cost of retiree health benefits over time and more fairly reflects the value of benefits "earned" each year by employees. While the service cost for each employee is targeted to remain level as a percentage of covered payroll, the service cost as a dollar amount would increase each year based on covered payroll. Additionally, the overall service cost may grow or shrink based on changes in the demographic makeup of the employees from year to year.

Total Compensation Systems, Inc.

3. Total OPEB Liability and Net OPEB Liability

If actuarial assumptions are borne out by experience, the District will fully accrue retiree benefits by expensing an amount each year that equals the service cost. If no accruals had taken place in the past, there would be a shortfall of many years' accruals, accumulated interest and forfeitures for terminated or deceased employees. This shortfall is called the Total OPEB Liability. We calculated the Total OPEB Liability (TOL) as the APVPBP minus the present value of future service costs. To the extent that benefits are funded through a GASB 74 qualifying trust, the trust's Fiduciary Net Position (FNP) is subtracted to get the NOL. The FNP is the value of assets adjusted for any applicable payables and receivables as shown in the table on page 15.

4. "Pay As You Go" Projection of Retiree Benefit Payments

We used the actuarial assumptions shown in Appendix C to project the District's ten year retiree benefit outlay, including any implicit rate subsidy. Because these cost estimates reflect average assumptions applied to a relatively small number of participants, estimates for individual years are certain to be *inaccurate*. However, these estimates show the size of cash outflow.

The following table shows a projection of annual amounts needed to pay the District's share of retiree health costs, including any implicit rate subsidy.

H. Procedures for Future Valuations

GASB 74/75 require annual measurements of liability with a full actuarial valuation required every two years. This means that for the measurement date one year following a full actuarial valuation, a streamlined “roll-forward” valuation may be performed in place of a full valuation. The following outlines the key differences between full and roll-forward valuations.

	Full Actuarial Valuation	Roll-Forward Valuation
Collect New Census Data	Yes	No
Reflect Updates to Plan Design	Yes	No
Update Actuarial Assumptions	Yes	Typically Not
Update Valuation Interest Rate	Yes	Yes
Actual Assets as of Measurement Date	Yes	Yes
Timing	4-6 weeks after information is received	1-2 weeks after information is received
Fees	Full	Reduced
Information Needed from Employer	Moderate	Minimal
Required Frequency	At least every two years	Each year, unless a full valuation is performed

The majority of employers use an alternating cycle of a full valuation one year followed by a roll-forward valuation the next year. However, a full valuation may be required or preferred under certain circumstances. Following are examples of actions that could cause the employer to consider a full valuation instead of a roll-forward valuation.

- The employer adds or terminates a group of participants that constitutes a significant part of the covered group.
- The employer considers or implements changes to retiree benefit provisions or eligibility requirements.
- The employer considers or puts in place an early retirement incentive program.
- The employer desires the measured liability to incorporate more recent census data or assumptions.

We anticipate that the next valuation we perform for Corning Union High School District will be a full valuation with a measurement date of June 30, 2024 which will be used for the fiscal year ending June 30, 2024.

PART III: ACTUARIAL ASSUMPTIONS AND METHODS

Following is a summary of actuarial assumptions and methods used in this study. The District should carefully review these assumptions and methods to make sure they reflect the District's assessment of its underlying experience. It is important for Corning Union High School District to understand that the appropriateness of all selected actuarial assumptions and methods are Corning Union High School District's responsibility. Unless otherwise disclosed in this report, TCS believes that all methods and assumptions are within a reasonable range based on the provisions of GASB 74 and 75, applicable actuarial standards of practice, Corning Union High School District's actual historical experience, and TCS's judgment based on experience and training.

A. ACTUARIAL METHODS AND ASSUMPTIONS:

ACTUARIAL COST METHOD: GASB 74 and 75 require use of the entry age actuarial cost method.

Entry age is based on the age at hire for eligible employees. The attribution period is determined as the difference between the expected retirement age and the age at hire. The APVPBP and present value of future service costs are determined on a participant by participant basis and then aggregated.

SUBSTANTIVE PLAN: As required under GASB 74 and 75, we based the valuation on the substantive plan. The formulation of the substantive plan was based on a review of written plan documents as well as historical information provided by Corning Union High School District regarding practices with respect to employer and employee contributions and other relevant factors.

Total Compensation Systems, Inc.

B. ECONOMIC ASSUMPTIONS:

Economic assumptions are set under the guidance of Actuarial Standard of Practice 27 (ASOP 27). Among other things, ASOP 27 provides that economic assumptions should reflect a consistent underlying rate of general inflation. For that reason, we show our assumed long-term inflation rate below.

INFLATION: We assumed 2.50% per year used for pension purposes. Actuarial standards require using the same rate for OPEB that is used for pension.

INVESTMENT RETURN / DISCOUNT RATE: We assumed 3.65% per year net of expenses. This is based on the Bond Buyer 20 Bond Index.

TREND: We assumed 4.00% per year. Our long-term trend assumption is based on the conclusion that, while medical trend will continue to be cyclical, the average increase over time cannot continue to outstrip general inflation by a wide margin. Trend increases in excess of general inflation result in dramatic increases in unemployment, the number of uninsured and the number of underinsured. These effects are nearing a tipping point which will inevitably result in fundamental changes in health care finance and/or delivery which will bring increases in health care costs more closely in line with general inflation. We do not believe it is reasonable to project historical trend vs. inflation differences several decades into the future.

PAYROLL INCREASE: We assumed 2.75% per year. Since benefits do not depend on salary (as they do for pensions), this assumption is only used to determine the accrual pattern of the Actuarial Present Value of Projected Benefit Payments.

FIDUCIARY NET POSITION (FNP): The following table shows the beginning and ending FNP numbers that were provided by Corning Union High School District.

COSTS FOR RETIREE COVERAGE

Actuarial Standard of Practice 6 (ASOP 6) Section 3.7.7(c)(3) provides that unadjusted premium may be used as the basis for retiree liabilities if retiree premium rates are not subsidized by active premium rates. We evaluated active and retiree rates and determined that there is not likely to be a subsidy between active and retiree rates. Therefore, retiree liabilities are based on actual employer contributions. Liabilities for active participants are based on the first year costs shown below. Subsequent years' costs are based on first year costs adjusted for trend and limited by any District contribution caps.

APPENDIX B: ADMINISTRATIVE BEST PRACTICES

It is outside the scope of this report to make specific recommendations of actions Corning Union High School District should take to manage the liability created by the current retiree health program. The following items are intended only to allow the District to get more information from this and future studies. Because we have not conducted a comprehensive administrative audit of Corning Union High School District's practices, it is possible that Corning Union High School District is already complying with some or all of these suggestions.

- We suggest that Corning Union High School District maintain an inventory of all benefits and services provided to retirees – whether contractually or not and whether retiree-paid or not. For each, Corning Union High School District should determine whether the benefit is material and subject to GASB 74 and/or 75.
- Under GASB 75, it is important to isolate the cost of retiree health benefits. Corning Union High School District should have all premiums, claims and expenses for retirees separated from active employee premiums, claims, expenses, etc. To the extent any retiree benefits are made available to retirees over the age of 65 – *even on a retiree-pay-all basis* – all premiums, claims and expenses for post-65 retiree coverage should be segregated from those for pre-65 coverage. Furthermore, Corning Union High School District should arrange for the rates or prices of all retiree benefits to be set on what is expected to be a self-sustaining basis.
- Corning Union High School District should establish a way of designating employees as eligible or ineligible for future OPEB benefits. Ineligible employees can include those in ineligible job classes; those hired after a designated date restricting eligibility; those who, due to their age at hire cannot qualify for District-paid OPEB benefits; employees who exceed the termination age for OPEB benefits, etc.
- Several assumptions were made in estimating costs and liabilities under Corning Union High School District's retiree health program. Further studies may be desired to validate any assumptions where there is any doubt that the assumption is appropriate. (See Part III of this report for a summary of assumptions.) For example, Corning Union High School District should maintain a retiree database that includes – in addition to date of birth, gender and employee classification – retirement date and (if applicable) dependent date of birth, relationship and gender. It will also be helpful for Corning Union High School District to maintain employment termination information – namely, the number of OPEB-eligible employees in each employee class that terminate employment each year for reasons other than death, disability or retirement.

APPENDIX C: GASB 74/75 ACCOUNTING ENTRIES AND DISCLOSURES

This report does not necessarily include the entire accounting values. As mentioned earlier, there are certain deferred items that are employer-specific. The District should consult with its auditor if there are any questions about what, if any, adjustments may be appropriate.

GASB 74/75 include a large number of items that should be included in the Note Disclosures and Required Supplementary Information (RSI) Schedules. Many of these items are outside the scope of the actuarial valuation. However, following is information to assist the District in complying with GASB 74/75 disclosure requirements:

Paragraph 50: **Information about the OPEB Plan**

Most of the information about the OPEB plan should be supplied by Corning Union High School District. Following is information to help fulfill Paragraph 50 reporting requirements.

APPENDIX E: GLOSSARY OF RETIREE HEALTH VALUATION TERMS

Note: The following definitions are intended to help a *non*-actuary understand concepts related to retiree health valuations. Therefore, the definitions may not be actuarially accurate.

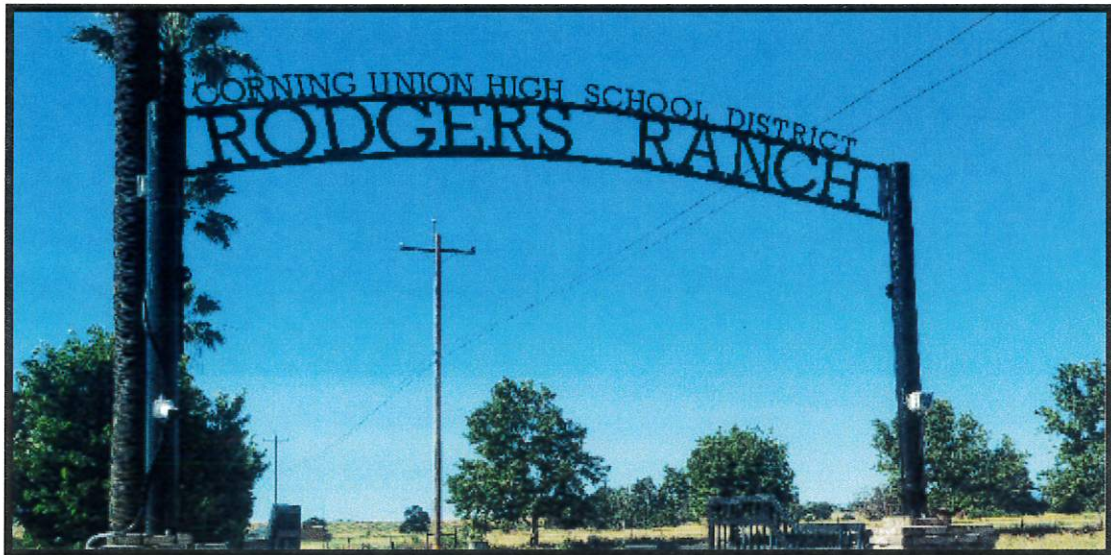

<u>Actuarial Cost Method:</u>	A mathematical model for allocating OPEB costs by year of service. The only actuarial cost method allowed under GASB 74/75 is the entry age actuarial cost method.
<u>Actuarial Present Value of Projected Benefit Payments:</u>	The projected amount of all OPEB benefits to be paid to current and future retirees discounted back to the valuation or measurement date.
<u>Deferred Inflows/Outflows of Resources:</u>	A portion of certain items that can be deferred to future periods or that weren't reflected in the valuation. The former includes investment gains/losses, actuarial gains/losses, and gains/losses due to changes in actuarial assumptions or methods. The latter includes contributions made to a trust subsequent to the measurement date but before the statement date.
<u>Discount Rate:</u>	Assumed investment return net of all investment expenses. Generally, a higher assumed interest rate leads to lower service costs and total OPEB liability.
<u>Fiduciary Net Position:</u>	Net assets (liability) of a qualifying OPEB "plan" (i.e. qualifying irrevocable trust or equivalent arrangement).
<u>Implicit Rate Subsidy:</u>	The estimated amount by which retiree rates are understated in situations where, for rating purposes, retirees are combined with active employees and the employer is expected, in the long run, to pay the underlying cost of retiree benefits.
<u>Measurement Date:</u>	The date at which assets and liabilities are determined in order to estimate TOL and NOL.
<u>Mortality Rate:</u>	Assumed proportion of people who die each year. Mortality rates always vary by age and often by sex. A mortality table should always be selected that is based on a similar "population" to the one being studied.
<u>Net OPEB Liability (NOL):</u>	The Total OPEB Liability minus the Fiduciary Net Position.
<u>OPEB Benefits:</u>	Other Post Employment Benefits. Generally, medical, dental, prescription drug, life, long-term care or other postemployment benefits that are not pension benefits.
<u>OPEB Expense:</u>	This is the amount employers must recognize as an expense each year. The annual OPEB expense is equal to the Service Cost plus interest on the Total OPEB Liability (TOL) plus change in TOL due to plan changes minus projected investment income; all adjusted to reflect deferred inflows and outflows of resources.
<u>Participation Rate:</u>	The proportion of retirees who elect to receive retiree benefits. A lower participation rate results in lower service cost and a TOL. The participation rate often is related to retiree contributions.

Total Compensation Systems, Inc.

<u>Pay As You Go Cost:</u>	The projected benefit payments to retirees in a given year as estimated by the actuarial valuation. Actual benefit payments are likely to differ from these estimated amounts. For OPEB plans that do not pre-fund through an irrevocable trust, the Pay As You Go Cost serves as an estimated amount to budget for annual OPEB payments.
<u>Retirement Rate:</u>	The proportion of active employees who retire each year. Retirement rates are usually based on age and/or length of service. (Retirement rates can be used in conjunction with the service requirement to reflect both age and length of service). The more likely employees are to retire early, the higher service costs and actuarial accrued liability will be.
<u>Service Cost:</u>	The annual dollar value of the “earned” portion of retiree health benefits if retiree health benefits are to be fully accrued at retirement.
<u>Service Requirement:</u>	The proportion of retiree benefits payable under the OPEB plan, based on length of service and, sometimes, age. A shorter service requirement increases service costs and TOL.
<u>Total OPEB Liability (TOL):</u>	The amount of the actuarial present value of projected benefit payments attributable to participants’ past service based on the actuarial cost method used.
<u>Trend Rate:</u>	The rate at which the employer’s share of the cost of retiree benefits is expected to increase over time. The trend rate usually varies by type of benefit (e.g. medical, dental, vision, etc.) and may vary over time. A higher trend rate results in higher service costs and TOL.
<u>Turnover Rate:</u>	The rate at which employees cease employment due to reasons other than death, disability or retirement. Turnover rates usually vary based on length of service and may vary by other factors. Higher turnover rates reduce service costs and TOL.
<u>Valuation Date:</u>	The date as of which the OPEB obligation is determined by means of an actuarial valuation. Under GASB 74 and 75, the valuation date does not have to coincide with the statement date, but can’t be more than 30 months prior.

A-G Completion Improvement Grant Plan

Local Educational Agency (LEA) Name		Total Grant Allocation
Corning Union High School District		\$302,003

Plan Descriptions

A description of how the funds will be used to increase or improve services for foster youth, low-income students, and English learners to improve A-G eligibility

Corning Union High School District (CUHSD), a small rural district in the Northern Sacramento Valley, continues to be committed to preparing students for whatever postsecondary opportunities they choose to pursue. This commitment includes all students: low-income students, English learners, homeless and foster youth and students with exceptional needs.

To support efforts of continuous improvement and improve or increase services, the District will do the following:

1. Increase (1) FTE teaching staff in the Agriculture department at Corning Union High School (CUHS) in order to allow for increased student enrollment demands for A-G Agriculture courses.
2. Increase (.2) FTE in ISP teaching staff in order to meet student demand for A-G ISP course offerings.
3. Add (.17) FTE in Credit Recovery teaching staff to allow for an on campus credit recovery course during the school day at CUHS.
4. Add (1) FTE of para-educator to provide one on one and small group support to students with special needs in A-G coursework.

The District also continues work on its efforts to improve data collection on student achievement, specifically in Math and ELA. District staff aim to better assess student growth on an annual or bi-annual basis rather than only during their junior year state testing. While no A-G grant funds will be utilized in these efforts, they are significant enough to merit noting them here.

A description of the extent to which all students, including foster youth, low-income students, and English learners, will have access to A-G courses approved by the University of California.

CUHSD provides all high school students, including low-income students, English learners, homeless and foster youth and students with exceptional needs, robust access to A-G coursework. Eighty (80) percent of students in CUHSD fall into the unduplicated count. Because of this, CUHSD gears ALL programs toward these students, and the majority of students benefiting from the changes listed above will fall into one of these categories.

The number of students who were identified for opportunities to retake A-G approved courses in which they received a "D", "F", or "Fail" grade in the 2020 spring semester or the 2020-21 school year and a description of the method used to offer the opportunity retake courses.

Number of Students: 86

CUHSD provides the opportunity to retake failed A-G courses course during the regular school year, as well as in credit recovery courses after the school day, and in summer school. Students have the option to makeup any class.

A description of how the plan and described services, and associated expenditures, if applicable, supplement services in the Local Control and Accountability Plan and Learning Recovery Plan.

The related expansion of course offerings will be built into the master schedule and be geared toward meeting our established A-G metric for growth.

HOME OF THE CARDINALS

2023 | Governance Handbook

Board of Trustees

Larry Glover, President
Jim Bingham, Clerk
Todd Henderson, Member
Tony Turri, Member
Cody Lamb, Member

Superintendent

Jared Caylor

The mission of the Corning Union High School District is to develop students who are responsible, respectful, and ready for all post-secondary opportunities they choose to pursue.

Unity of Purpose, Roles and Responsibilities, Norms, Agreements

This handbook reflects the governance team's work on the creation of a framework for effective governance. This involves ongoing discussions about the unity of purpose, roles, norms, and coming to an agreement on protocols for formal structures that enable the governance team to continue to perform its responsibilities in a way that best benefits all children.

Building a Governance Team

Unity of Purpose

School district governance is the act of transforming the needs, wishes, and desires of the community into policies that direct the community's schools.

In a school district, the Board and Superintendent work together as a governance team. For a governance team to work together effectively, members need to: Maintain a unity of purpose, agree on and govern within appropriate roles, create and sustain a positive governance culture, and; create a supportive structure for effective governance.

What do we, as a governance team, want to accomplish?

What do we stand for?

- Our shared purpose is to have the best learning environment for all students.
- We want to build trust and move the District forward.
- We want to be an effective team.
- We want to understand our individual jobs and collective responsibilities.
- We want to be a team with a common focused direction, so we are not a distraction to the District or community but a catalyst for the focused efforts of employees, and the community can see evidence of this focused direction.
- We want to be partners with the staff in positive change.
- We want to oversee the putting together of a first-rate program and first-rate facilities, making sure we continue to improve – never resting on our laurels.
- We want to perpetuate a legacy of positive culture as people come and go.

Roles and Responsibilities

The role of Trustees is to stay focused on the big picture while fulfilling five responsibilities in a series of job areas. These five responsibilities are:

- We set the direction.
- We establish the structure.
- We provide support.
- We ensure accountability.
- We act as community leaders.

We carry out these responsibilities in each of the following job areas:

- Setting the District's Direction
- Student Learning and Achievement
- Finance
- Facilities
- Human Resources
- Policy
- Judicial Review
- Collective Bargaining
- Community Relations and Advocacy

The Superintendent assists the Board in carrying out its responsibilities in each of the job areas and leads the staff toward the accomplishment of the agreed-upon District vision and goals.

Creating and Sustaining a Positive Governance Team Culture

Culture is the positive or negative atmosphere created by the way people in an organization treat each other. Teams have unwritten (implicit) or written (explicit) agreements about how they will behave with each other and others. These behavioral ground rules, often called norms, enable teams to build and maintain a positive culture or shift a negative one.

Governance Norms

In order to make meetings positive and productive experiences for all, we make the following collective commitments to each other.

- *We will start and end meetings on time, as published in the agendas.*
- *We will prepare for meetings by researching topics and asking questions in advance.*
- *We will trust the expertise of District employees in implementing the mission and board policy.*
- *We will treat everyone in a respectful and fair manner and be open-minded to all points of view.*
- *We will create an environment where communication is accessible and audible for all.*
- *We will collectively support the authority of the Board as a whole, not as individuals.*
- *We will affirm the voices of the public while maintaining the structure under the Brown Act.*

WE AGREE TO –

- Make a commitment to effective deliberation, each listening openly while everyone is allowed to express his or her point of view.
- Commit the time necessary to govern effectively. This means being there, being knowledgeable, participating, understanding the full scope of being a Board Member, and being willing to take on all the responsibilities involved.
- Be collaborative (this is the way we operate)!
- Maintain confidentiality (builds trust).
- Look upon history as lessons learned; focus on the present and the future.

AND – ABOVE ALL –

- Focus on students' best interests – on what's best for the students! This is what we do! And it is the touchstone that allows us to have our differences.

BOARD AND SUPERINTENDENT OPERATING PROCEDURES

Purpose:

The Board of Trustees is the educational policymaking body for the District. To meet the District's challenges effectively, the Board and Superintendent must function together as a leadership team. To ensure unity among team members, effective operating procedures and protocols must be in place.

- Visit school sites regularly.
- Represent the District in the community.
- Endeavor to delegate duties to the appropriate persons.

Board Governance Protocols

1. Leadership Responsibility and Roles of the Board

- 1.1. Board members carry authority only as the Board, not as individuals. Individuals can request action by bringing up a new idea, explaining their interest in a particular course of action, and working to get a Board majority to support moving in that direction. When a majority of the Board, sitting in a formal meeting, requests action, that request should be made in the context of the intended results (what is to be accomplished), not the methods used to achieve those results.

In order to be effective representatives of the Board and District, members will:

- Behave in a manner that reflects positively on the District.
- Refrain from obligating the Board and/or administration by actual speech or implication, unless authorized to do so by the Board.
- Represent the Board at various school events.
- Refer any concerns, questions, or comments to the Superintendent as specified in the protocol on Responding to Concerns.
- Reinforce with the community the key messages agreed upon by the Board.

1.2. Responsibilities of Individual Board Members:

- Attend all Board meetings, committee meetings and functions, such as special events.
- Be informed about the organization's mission, services, policies, and programs.
- Review agenda and supporting materials prior to Board and committee meetings.
- Serve on committee or task forces and offer to take on special assignments.
- Inform others about the District.
- Follow conflict-of-interest and confidentiality policies.
- Refrain from making special requests of the staff.
- Assist the Board in carrying out its fiduciary responsibilities, such as reviewing the annual budget and audit.

2. Board Meetings and the Agenda

- 2.1. Meetings of the Board are held in public **but are not open-forum town hall meetings**. Meetings will be conducted in such a way as to allow the public to provide input in the time allotted to ensure that multiple voices of the community inform Board deliberations; however, when the Board deliberates, it will be a time for the trustees to listen and learn from each other, taking public input into consideration without re-engaging the public.
- 2.2. Board meetings will generally be on the **Third Thursday** of each month. Each Board meeting will begin with staff reports followed by closed session followed by open session business, generally starting at 5:45 pm. The regular public meeting will begin at 5:45 pm. There will be no regular July meeting.
- 2.3. The design of the Board agenda will follow the historical structure utilized by the Board. The design of the agenda may only be altered with the approval of the Board.
- 2.4. Board members will review the information provided to them and be open to ongoing professional development and training.
- 2.5. The Superintendent, with the support of staff, will create each Board agenda. In advance of the preparation of the Board agenda, Board members may request items to be placed on the agenda. The Board president and the Superintendent will discuss the contents of the agenda and the process that will be followed at the meeting, in advance of the Board meeting.
- 2.6. The president will preside over meetings and move the meeting through public comment and the agenda. The Superintendents role will be to assist the president when called upon and to provide the staff report (sometimes through other staff members) portions of the agenda.
- 2.7. The Superintendent and Board believe that the need for information and/or clarification on agenda items is best accomplished by the submission of questions/requests for such ahead of meetings. This will allow for in-depth consideration of items without unduly lengthening the meeting time.

- 2.8. Board members will make every effort to submit, prior to the meeting, questions they intend to ask so that the Superintendent and district staff have the opportunity to prepare to answer Board members' questions at Board meetings.
- 2.9. When an individual Board member requests information, that information will be provided to all Board members. If unforeseen questions arise during the meeting, trustees will acknowledge their question or comment as spontaneous and that they understand that staff may not have the information on hand to answer the question.
- 2.10. Any request of the staff which will take more than 30 minutes to fulfill, must be made by the majority of the Board so as not to detract staff from focused efforts that are meant to move the District toward achieving the year's goals.
- 2.11. Individual Board members are expected to self-monitor compliance to Public Meeting laws, including limiting closed session to the legally appropriate agenda item(s).
- 2.12. **Public Participation**
- 2.12.1. Since the Public Meeting Law (Brown Act) expressly prohibits discussion leading to action from being conducted **unless agendized**, governance team members are strongly encouraged to refrain from engaging members of the public in dialogue about issues not on the agenda.
- 2.12.2. In general, citizens and residents wishing to "dialogue" with members should be encouraged to contact individual members and discuss issues of importance with them or the Superintendent as appropriate.
- 2.12.3. As a result of a comment under public communication, a member may ask the Superintendent to briefly comment for clarity or correction. The member may also ask that a matter be investigated, with or without a follow-up report to the Board.
- 2.12.4. If a governance team member feels compelled to speak to the issue, the member must first be recognized by the Board president. **The comments must be brief and only clarifying or correcting.** Any further discussion should be agendized.

2.13. Public Comment:

2.13.1. Time limits, generally 3 minutes per speaker, 20 minutes per subject will be imposed by the Board president. The Board president may rule on the appropriateness of a topic. If the topic would be more suitably addressed at a later time, the president may indicate the time and place when it should be presented.

2.14. During the portion of the meeting reserved for Board member Reports/Communications, Board members shall only provide information (i.e. activities or professional development they have attended as a Board member). They may request items to be placed on future agendas, but due to the Brown Act, they shall not make statements having an effect on pupils, employees, or services provided by the District. It is important that this time in the agenda not be used to engage in discussion on items not on the agenda or for partisan political statements.

2.15. The use of social media by Board members will be limited to personal topics not related to the school District except in the case where the Board member is reposting informational items published by the District and about the District, including District approved organizations such as Parent Teacher Association/Boosters, etc.

2.16. The governance team will strive for brevity in deliberations, keeping remarks brief and to the point so that all opinions can be expressed and meetings can be efficient. Addressing each agenda item the Board shall, normally, adhere to the following process:

- Input from the Community
- Staff Presentation/addressing questions from the Board
 - Staff members, when presenting items to the Board, are to provide appropriate back-up material for the Board to review prior to the Board meeting. If it is necessary to provide a presentation to the Board, presentations are to be limited to not more than 7 minutes, unless prior approval of the president is received.
- Board Discussion and Deliberation

2.17. Board members individually and collectively demonstrate confidentiality as appropriate and as outlined through the

mandates of the California Education Code, the Brown Act, and other compliance criteria established by law or legislation. Respecting the confidentiality of information maintains the Board's judicial review role.

- 2.18. The use of email and social communication is subject to the Public Meeting Law. The Superintendent shall forward questions and answers to all Board members. Board members, when responding, may not "reply to all."
- 2.19. The Board wishes to maintain a culture of professionalism, stay focused, and respect the need of trustees to be available to their families:
 - Electronic devices will be set for 'silent' or vibrate.
 - Trustees will be discreet in checking electronic devices.
- 2.20. The Board believes that when no legal reason exists of a conflict of interest, its members have a duty to vote on issues before them. If a Board member abstains, they will explain the rationale for doing so.
- 2.21. When a member abstains, his/her abstention shall not be counted for purposes of determining whether a majority of the membership of the Board has taken action.
 - 2.21.1. Abstentions are most appropriate in cases where there is a personal relationship between a litigant and a member (perception of bias), a decision that financially impacts the member or his or her immediate family (legal conflict), or a personal connection to the member that may bias a decision on discipline.
 - 2.21.2. When abstaining because there may be a perception of bias, the member is encouraged to so state.
 - 2.21.3. Where an actual legal conflict of interest exists, the member must publicly declare the conflict and recuse him or herself from voting at all.
- 2.22. Board members will model professional behavior by being polite and respectful of the points of view held by their fellow

governance team members. The governance team will address one another by their first name.

- 2.23. Each Board member respects the right of other Board members to vote in the minority position. In so doing, each Board member agrees, as a courtesy to the team, to explain the reason for their minority vote, either during deliberation or after casting the vote.
- 2.24. Parliamentary procedures are to be utilized as a guide to ensure for the most effective and efficient Board meeting possible. Accordingly, the Board utilizes Rosenberg's parliamentary procedures as its guide to managing the agenda of each Board meeting.
- 2.25. Upon the request of an individual Board member, a roll call vote will be provided.
- 2.26. The protocol for recording the votes of the individual Board members shall follow the rotation established by the Board.
- 2.27. The Governing Board recognizes the importance of developing a system of internal control procedures in order to help fulfill its obligation to monitor and safeguard district resources and to ensure that invoices are paid expeditiously. The warrant process protocol is that warrant list will be placed on the consent calendar for approval. The warrants will always be available and attached as back-up at the time of posting of the agenda.
- 2.28. As a general practice, on any non-routine expense in excess of \$50,000, an email will be sent to the Board to ensure there are no objections to the expense.

2.29. Decisions of the Board

- 2.29.1. Governance team members are reminded that policy and decisions reserved to the Board must be made as a Board. Except where otherwise indicated in the Education or Government Codes, a majority consists of 3 of 5 members of the Board voting for an item. Once the decision has been made, it becomes the decision of "the Board."
- 2.29.2. Under the concept of majority rule, each member is compelled to support the successful implementation of a policy

decision, program, or procedure even when he or she does not agree with the decision.

2.29.3. If a member of the governance team cannot support the decision of the Board because it offends a moral/personal code, the member is expected, at a minimum, to refrain from undermining the decision or directive.

2.30. Whenever Board members are appointed or elected to serve on the Board, the Superintendent shall administer the Oath of Office at a meeting of the Board.

2.31. Chart of Policy Revision Process- To be addressed at a future Board Meeting.

Step 1 - District receives policy update packet from CSBA

Step 2 – Administrative assistant distributes policies for Superintendent review and comments

Step 3 - Superintendent reviews updated recommended policy changes, Superintendent provides to the Board at Board meeting 1, in typed form, appropriate comments and edits. The backup information will include both the original policy and the proposed updated policy.

Step 4 - Board meeting 1 -The original packet of updated policies, with type written comments from the Superintendent, is placed on the Board agenda (Board meeting 1), under Reports and Information, and is considered as first reading by the Board.

Step 5 – If a Board member or community member would like to discuss one or more of the policies provided, they will request specific said policies be pulled for discussion at the next Board meeting (Board meeting 2) and placed under the Action section of the agenda. These policies presented to the Board, on which they have no concerns or questions, will be placed under the Consent agenda (second reading and for approval) at the next Board meeting (Board meeting 2) for action.

Step 6 – The policies requested by individual Board member to be discussed shall be placed under the Action section of the Board agenda (second reading and approval). Discussion will take place prior to a motion to approve said policies.

3. The Board's Role and Relationship with the Staff and Community

3.1. **Rationale:** Board members want to be responsive to the community and consistent in their response. But we recognize that individual Board members do not have the legal authority to resolve issues and complaints, as stated in BB 9200, Limits of Board Member Authority. Therefore, when a Board member is approached by a community or staff member with an issues or concern, he/she will:

3.1.1. **Receive** – Listen without interruption and without preparing a response to the person's issues or concerns.

3.1.2. **Recuse** – When the issue is one that may come before the Board in our role as a judicial/appeals body (such as personnel and expulsion hearings). In which case, Board members will explain to the constituent that they are unable to hear any information on that topic. Listening further would require a Board member to recuse him/herself when the item comes before the Board, much the same way that a juror would be dismissed from a court proceeding if he/she heard evidence about a case in advance and outside the courtroom. Remind the constituent of the importance of your presence at the hearing.

3.1.3. **Repeat** – If it is appropriate for us to listen to the concern, we will paraphrase or ask a clarifying question to ensure understanding of what has been said.

3.1.4. **Request** – Ask what the person sees as the solution to the problem or concern. Ask what they would have us do with the information they have given us.

3.1.5. **Review** – The conversation (and next steps, if any).

3.1.6. **Redirect** – Put the person back into the system at the appropriate place.

3.1.7. **Report** – Notify the Superintendent of the conversation so that he has the full picture and can follow through as appropriate and/or necessary.

3.2. Board members will be actively involved in the District through observations and individual stakeholder engagement. The involvement of individual Board members on committees shall only

be on external committees and by official appointment by the Board. (An example of a Board committee would be a 2+2+2 committee with the city and school district.)

3.3. When interacting with the public and their constituents, Board members will hold to the highest level of professional and ethical conduct, including emphasizing the positive aspects of the District.

3.4. When individually visiting schools or departments in your capacity as a Board member, as a professional courtesy, Board members are encouraged to notify the Superintendent that they will be visiting a school or department, and may provide input to the Superintendent on issues or concerns that may arise from such a visit.

At no time, while visiting schools, shall a member make promises, either overt or implied, interfere with the administration, or involve him or herself in personnel issues, student records, or union activities.

To assist in this matter, the Superintendent will ensure that principals and teachers know that a teacher does not need to interrupt his/her lesson when a visitor is in his/her classroom.

3.5. Board members shall not request any information from staff beyond that which would be provided to any regular community member. Staff members are directed to relay requests from Board members to their supervisor to ensure that appropriate information is provided to all Board members.

Management staff are directed to relay requests from Board members to the Superintendent to ensure that appropriate information is provided to all Board members.

This protocol does not imply a censoring of any private and informal conversations.

4. The Board's Role in Collective Bargaining

4.1. Board members will be actively involved in the collective bargaining process to ensure that the District is represented well by those selected to negotiate on behalf of the Board and the community. The involvement of the Board will be to:

- Ensure the ethical, fiscal and educational goals of the community are represented in the actions taken throughout the collective bargaining process;
- Participate by providing direction and guidance to those selected to represent the Board (District Negotiation Team). Board members do not attend at-the-table negotiations. And the Board believes that the collective bargaining process shall be as transparent as possible;
- Establish the bargaining approach to be utilized by its negotiation team;
- Set the District's collective bargaining parameters for its negotiation team;
- Expect, as the representative of the Board, that the Superintendent will ensure that the Board, collectively and individually, is informed on the issues and strategies implemented within the collective bargaining process.
- The Superintendent is the collective bargaining spokesperson for the Board.

5. The Board's Relationship with the Superintendent

- 5.1. The Board will commit to work through and with the Superintendent on issues regarding the running of the District. The Superintendent will inform the Board as soon as possible of:
- Serious safety concerns
 - Serious disciplinary action
 - Serious/unexpected personnel changes or disciplinary issues
 - Serious illness or death of a student or a staff member
 - Legal or liability concerns
 - Notable achievements
 - Anytime law enforcement or fire (for a fire) is on a site during business hours for an emergency.
 - When a student is missing from a school site or event.
 - Burglary of District Property

In all matters, the Board and Superintendent are expected to protect confidential information.

- 5.2. It is the Superintendent's responsibility to organize the staff in the manner that best serves the needs of the District. As a professional courtesy, the Superintendent shall provide appropriate notice to the Board in advance of action being taken.
- 5.3. As the norm, the Superintendent speaks on behalf of the Board. The Board president is authorized to speak on behalf of the Board, when necessary.
- 5.4. The Superintendent will inform the Board when media contacts the Superintendent.
- 5.5. The Board recognizes the success of the Superintendent is critical to the success of the students and the District. As such, the Board believes the Superintendent should have an experienced professional mentor/advisor who is not affiliated with the District.
- 5.6. All conflicts between the Superintendent and the Board will be handled in closed session, with the Superintendent being in attendance, when appropriate and necessary.

Conflicts between individual Board members and/or the Superintendent will be addressed privately between those who hold the conflict and will not involve other members of the Board or the public (community, staff, media, etc.).

- 5.7. The Board commits to complete an annual evaluation of the Superintendent. The Board will set aside at least one special meeting in October for the purpose of completing the annual evaluation of the Superintendent. In consultation with the Superintendent, the evaluation process and associated documents will be developed and approved by the Board, not later than the first Board meeting in November.
- 5.8. The evaluation process and instrument is designed to bring about the collective view of the Board. Thus, the evaluation will reflect the majority view of the Board as a whole. To better attain this majority view, the Board will work with a professional from outside the District to facilitate the evaluation process and the composing of the Superintendent's evaluation.

6. The Ongoing Implementation of Board Approved Protocols

6.1. New Board Members (Elected or Appointed)

An administrative orientation by the Superintendent and senior staff will be provided to new members of the Board. Training may be provided by county and state organizations, consultants, or led by staff. The training shall, whenever possible, take place prior to the first Board meeting of the new Board member.

The orientation is intended to be a conversation and overview of the things members need to know immediately. Questions will be answered, and the Board meeting structure, Superintendent contract, Superintendent objectives, Board policies, an overview of the services and programs, and the major challenges being faced will be outlined and discussed.

Each orientation may be slightly different depending upon the needs and interests of the incoming members and the major issues before the Board.

- 6.2. Within 90 days of the election/appointment of a new Board member or appointment of a new Superintendent, a study session of the whole Board will be held for the purpose of review/updating the governance protocols of the Board.

Upon the request of two or more Board members, a special study session will be called for the purpose of reviewing/updating of the governance protocols of the Board.

7. Notice of Violation

- 7.1. What do we do when someone violates one of the protocols?

7.1.1. Principles/Assumptions

- We should expect that we will make mistakes.
- Self-monitoring our own behavior can be very difficult.
- Behavior in conflict with agreements erodes trust.
- Behavior that is not challenged is condoned.
- Confronting another team member can:
 - Be difficult. If done poorly, it can be damaging.

- If done correctly, it demonstrates that the Board is a highly functional team!
