Suprintendent, Jared Caylor shared with the Board that this school year, he would like to focus on how the district's numbers compare to previous school years, rather than the month to month comparisons.

Construction Update:

1. Moving into 6 classrooms next week, students will occupy the week of 8/30
2. Final 5 classrooms will be moved into in mid-September

3. Placing 30” curb/planter on east side between new classrooms and South Gym to avoid erosion
4. Quad will be simple sidewalks and sod for this year. Will add shade structure and other features before next school year

5.2 PRINCIPAL REPORT:

Associate Principal, Justine Felton shared the following:

- Discipline
- Safety
- Attendance
- Sports

Discipline- The data has been unique due to COVID. Last years numbers were low since there were approximately 250-280 students on Distance Learning. Discipline is at an all-time low.

Attendance- The students returned, were happy to be here and were on task.

Safety: Staff and students are under the Alice Protocol. The run, hide and fight is what that staff and students are trained to do. There is still a Threat Assesment Team which helps many students. There are approximately 12 students on that list right now. The goal is to get them off of the watch list.

Sports are in full affect as normal. There is no specific guidance and the only concern may be Homecoming and large events. There might have to be a ticket system put into place.

Associate Principal, Justine Felton also shared that she has been monitoring the smoke and keeping coaches and staff updated as needed.

GOVERNANCE
HANDBOOK:**

A motion was made by Jim Bingham and seconded by Larry Glover to approve the sunshine items for the upcoming negotiations.

The handbook reflects the governance team's work on creation of a framework for effective governance.

Board meetings will be on the Third Thursdays of each month. Each Board meeting will begin with Staff reports followed by closed session followed by the open session business generally starting at 5:45 pm. The Regular Public Meeting will begin at 5:45 pm. There will be no regular July meeting. In June and August, the meeting will be on Thursdays and will start at 7:00 p.m. Study Sessions may be scheduled and shall be scheduled at the discretion of the Board.

Based on feedback from the last meeting there was a suggestion of importance on attending meetings in person unless out of town for a reason. There was discussion on whether to place a hard number of advance notice and the board decided that this would not accomplish anything as there is no recourse to remove a board member. The only thing that can be done if a board member is not doing his/her part in attending meetings is to bring that to their attention in hopes that the efforts will change.

On Page #4 the Board agrees to add an additional bullet with information about attending meetings, etc.

There being no further discussion, the Board voted unanimously to approve the Governance Handbook.

2. PLEDGE OF ALLEGIANCE: Board President Bill Mache asked the Board and audience to stand for the flag salute.

3. ROLL CALL: Board President Bill Mache asked for a roll call.

Attendance is as follows:

4. PUBLIC COMMENT: None.

5. RES. NO. 439: There are two primary concerns the District has when determining if we are eligible for this exemption. First, we want to verify that there are no

wetlands or other environmentally sensitive areas that we may disturb in this process. To this end, Superintendent Jared Caylor asked Chico Environmental to weigh in on whether there were areas of concern in the proposed orchard site. After checking National Wetlands Inventory, they confirmed that the only wetland areas on Rodgers Ranch are within the channel of Jewitt Creek. Since the orchard will not disturb the creek channel (new well going in on the South parcel), this is not a concern. Secondly, the district has to determine if the project meets one of several criteria to qualify for an exemption. In our case, the criteria we meet is that we are continuing to use the land for its historical purpose, which in this case is agriculture.

After communication with our legal counsel and environmental review experts, it's Superintendent, Jared Caylor's recommendation that the board adopt this resolution and send notification to the County Clerk Recorder.

A motion was made by Todd Henderson and seconded by Jim Bingham to approve Resolution No. 439.

There being no further discussion, the Board voted unanimously to adopt Resolution No. 439.

Terms and Conditions for Sales and Services

This Sales and Services Agreement (this "Agreement"), dated **JULY 1, 2021** (the "Effective Date"), is by and between **THE REGENTS OF THE UNIVERSITY OF CALIFORNIA, A CALIFORNIA PUBLIC CORPORATION ON BEHALF OF ITS LOS ANGELES CAMPUS, SCHOOL OF LETTERS AND SCIENCE, MATHEMATICS DEPARTMENT, CURTIS CENTER ("UNIVERSITY") AND CORNING UNION HIGH SCHOOL DISTRICT ("Client")**, having a principal place of business at **643 BLACKBURN AVE, CORNING, CA 96021**.

In consideration of the mutual agreements in this Agreement, the parties agree to the following:

Section 1 – Term and Termination.

1.1 Term.

The Term of this Agreement shall be the period set forth in the Statement of Work, which is attached hereto as Exhibit A and incorporated herein by reference (hereinafter, "Exhibit A").

1.2 Termination for Convenience.

Either party may terminate this Agreement for any reason upon thirty (30) days' written notice. When this Agreement is terminated for convenience under this provision, Client shall pay University the pro rata fees for the Services through the date the notice of termination was effective, and all costs and any non-cancelable obligations incurred by University up to and including the date of termination.

1.3 Termination for Cause.

Either party may terminate this Agreement upon the material breach of this Agreement by the other party, by giving the other party thirty (30) days' prior written notice specifying the breach and expressing its intent to terminate. If such breach is not cured by the breaching party within thirty (30) days of receipt of the notice, this Agreement may be immediately terminated at the option of the non-breaching party upon written notice to the breaching party. If Client is more than thirty (30) days delinquent in any payment due under this Agreement, such delinquency shall constitute a "material breach" of this Agreement for the purposes of this provision.

Section 2 – Statement of Work.

2.1. Services.

University shall perform the services set forth in Exhibit A (the “Services”).

2.2. Ownership/License of Deliverables.

Client shall own the Deliverables (as defined in Exhibit A) upon payment in full to University for the Services; provided, however, that University reserves and retains an irrevocable, fully-paid, worldwide right to use the Deliverables for educational and/or research purposes.

Notwithstanding the foregoing, University does not transfer, and hereby retains and reserves, all rights in Background Intellectual Property (as defined below). Furthermore, any and all improvements in University’s Background Intellectual Property, which are conceived or reduced to practice by University during the course of the Services, shall remain the sole property of University.

“Background Intellectual Property” shall mean all intellectual property, including without limitation, technical information, know-how, copyrights, trademarks, patents and trade secrets, ideas, thoughts, concepts, processes, techniques, data, models, drawings inventions and software, that is or was conceived, created or developed prior to, or independent of, the Services.

Client shall indemnify, defend, and hold harmless University, its officers, agents, and employees against all losses, damages, liabilities, costs, and expenses (including but not limited to attorneys’ fees) resulting from any judgment or proceeding in which it is determined, or any settlement agreement arising out of the allegation, that Client’s furnishing or supplying University with parts, goods, components, programs, practices, methods or other property under this Agreement (collectively, “Client Materials”) or University’s use of Client Materials constitutes an infringement of any patent, copyright, trademark, trade name, trade secret, or other proprietary or contractual right of any third party. University retains the right to participate in the defense against any such suit or action, and Client shall not settle any such suit or action without University’s consent.

2.3. Client Responsibilities.

Client shall provide to University Information/Materials listed in Exhibit A, if any, in a timely and secure manner so as to allow University to perform the Services.

2.4. No Liability for Delay.

University offers priority to its faculty, researchers and students for the use of University facilities and services. Accordingly, University shall not be responsible for any delay caused by University faculty, researchers and students having priority in the use of University facilities and services, and Client’s exclusive remedy for University’s delay or failure to perform any of its obligations hereunder shall be limited to a refund of any unallocated/unexpended funds paid by Client to University under this Agreement.

2.5. Shipment and Delivery.

Client shall be responsible for the cost of shipping all Deliverables specified herein (including, without limitation, costs of insurance and other related costs). Shipments shall be sent FOB (Client or University, as applicable). University, at its option, may not tender delivery of any Deliverables for which Client has not provided shipping instructions, payment and other required information. If Client postpones or delays delivery of Deliverables for any reason (for example, if Client requests a delay in delivery), Client agrees to reimburse University for any and all storage costs and other additional expenses resulting therefrom.

Unless otherwise stipulated herein, for all shipments of Deliverables, legal title shall pass from University to Client upon University's delivery to the carrier at the shipping point, at which time Client shall take possession of the Deliverables, bearing all risk of loss, paying all insurance, storage and transportation expenses and acting as the importer of record (if applicable).

Any claims for shortages of or damages to Deliverables suffered in transit are the responsibility of Client and shall be submitted by Client directly to the carrier. Client shall identify any shortages or damages at the time of delivery; claims of shortages or damages after the date of delivery are hereby waived.

Section 3 – Fees and Payment Schedule.

3.1 Fees, Schedule and Invoicing.

Client shall pay University for the Services in accordance with the Fees and Payment Schedule set forth in Exhibit A. Client shall pay University within thirty (30) days of the date on the applicable invoice. University shall submit all invoices to Client at the Invoicing Address specified in Exhibit A.

3.2 Service Charge.

Client agrees to pay University a one-percent (1%) service charge per month for any payments that are not made within thirty (30) days.

3.3 Form of Payment.

All payments from Client to University shall be made payable to "The Regents of the University of California" in a form specified in Exhibit A.

Section 4 – Insurance.

4.1 Client Insurance.

Client shall provide proof of insurance, endorsing The Regents of the University of California as additional insured, showing amounts of coverage set forth below. If the insurance is written on a claims-made form, it shall continue for a period of three years following termination of this Agreement. Coverage required herein shall not in any way limit the liability of either party.

Section 5 – Indemnification.

Each party shall defend, indemnify, and hold the other party, its officers, employees, and agents harmless from and against any and all liability, loss, expense, including attorneys' fees, or claims for injury or damages arising out of the performance of this Agreement, but only in proportion to and to the extent such liability, loss, expense, attorneys' fees, or claims for injury (including death) or damages are caused by or result from the grossly negligent or wrongful acts or omissions of the indemnifying party, its officers, employees or agents. The party seeking indemnification agrees to provide the other party with prompt notice of any such claim or action and to permit the indemnifying party to defend any claim or action, and that the indemnified party will cooperate fully in such defense. The indemnifying party retains the right to participate in the defense against any such claim or action, and the right to consent to any settlement, which consent will not unreasonably be withheld.

Section 6 – Disclaimer of Warranty and Limitation of Liability.

University makes no warranties, either express or implied, as to the services, the deliverables, or the results provided under this agreement, including, but not limited to, warranties of merchantability, fitness for a particular purpose, and non-infringement. Client acknowledges that the services, the deliverables, and the results are provided on an "as is" basis and without warranties of any kind. Client further acknowledges that it uses such services, deliverables, and results at its own risk. University shall bear no responsibility for the success or failure of the services or deliverables.

University shall not be liable for any indirect, consequential, incidental, special, punitive, or exemplary damages of any kind arising out of or in any way related to this agreement, whether in warranty, tort, contract, or otherwise, including, without limitation, loss of profits or loss of

good will, whether or not university has been advised of the possibility of such damages and whether or not such damages were foreseeable. University's aggregate liability shall not exceed the fees received by university from client pursuant to this agreement during the twelve (12) months preceding client's claim. Client expressly acknowledges that university shall have no liability with respect to any loss of property, materials, data, or information that client provides to university under this agreement.

Section 7 – University Name and Trademarks.

Client agrees that it will not use the name of the University of California, or any abbreviation thereof, or any name of which "University of California" is a part, or any trademarks (including, but not limited to, logo, seal, landmarks, acronyms, campus department names, and graphic images) of the University ("University Marks") in a commercial context, such as may appear on products, in media (including websites) and print advertisement, without the prior written consent of University's authorized representative. This provision is in compliance with California Education Code section 92000.

University Marks are and shall remain exclusively the property of University. Client shall, neither directly nor indirectly, obtain or attempt to obtain during the Term hereof or at any time thereafter, any right, title or interest in or to University Marks, and Client hereby expressly waives any right which it may have in University Marks. Client recognizes University's exclusive ownership of University Marks.

Section 8 – Export Control and Biohazardous Materials.

The parties hereby acknowledge and agree that Client will not transfer or otherwise disclose to University any technology or technical data identified on any U.S. export control list, including the Commerce Control List (15 C.F.R. §774) and the U.S. Munitions List (22 C.F.R. §121). Proposed disclosures that include technology or technical data other than that classified as EAR99 will be negotiated pursuant to a separate agreement.

Section 9 – Protected Health Information and Personally Identifiable Information.

Client represents that all materials provided to University in connection with this Agreement are de-identified in accordance with the Health Insurance Portability and Accountability Act (HIPAA). Client shall not exchange, reveal, or otherwise share protected health information or personally identifiable information with University.

Section 10 – Force Majeure.

Neither party shall be liable for delays due to causes beyond the party's control (including, but not restricted to, war, civil disturbances, earthquakes, fires, floods, epidemics, quarantine restrictions, freight embargoes, and unusually severe weather). With respect to any delays on the part of University, this Section shall apply in addition to the provision in Section 2.4.

Section 11 – Notices.

Any notice or communication required by this Agreement shall be in writing and shall be deemed to have been duly given if delivered personally, or sent by overnight mail, or prepaid registered mail addressed to the other party at the address set forth on Exhibit A.

Section 12 – Relationship of the Parties.

In the performance of this Agreement, the parties, and their officers, agents and employees, shall act as independent contractors. Nothing in this Agreement shall create, or be construed to be, a joint venture, association, partnership, franchise or other form of business relationship. At no time will the employees, agents or assigns of one party be considered the employees of the other party for any purpose, including but not limited to workers' compensation purposes.

Section 13 – Third Party Beneficiary.

There are no intended third-party beneficiaries to this Agreement.

Section 14 – Conflict of Interest.

Client affirms that, to the best of Client's knowledge, no University employee who has participated in University's decision-making concerning this Agreement has an "economic interest" in this Agreement or Client. A University employee's "economic interest" means:

- A. An investment worth \$2,000 or more in Client or its affiliate;
- B. A position as director, officer, partner, trustee, employee or manager of Client or its affiliate;
- C. Receipt during the past 12 months of \$500 in income or \$440 in gifts from Client or its affiliate; or
- D. A personal financial benefit from this Agreement in the amount of \$250 or more.

In the event of a change in these economic interests, Client shall provide written notice to UC within thirty (30) days after such change, noting such changes. Client shall not be in a reporting relationship to a University employee who is a near relative, nor shall a near relative be in a decision-making position with respect to Client.

Section 15 – Assignment.

Except for University's ability to assign any payment due hereunder, neither party may assign this Agreement without the prior written consent of the other party. In case such consent is given, the assignee shall agree, in writing, to be subject to all of the terms of this Agreement that are applicable to the assignor.

Section 16 – Severability.

If any term, condition, or provision of this Agreement is held by a court of competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions shall nevertheless continue in full force and effect, and shall not be affected, impaired or invalidated in any way.

Section 17 – Non-Waiver.

Waiver or non-enforcement by either party of a term or condition shall not constitute a waiver or a non-enforcement of any other term or condition or of any subsequent breach of the same or similar term or condition.

Section 18 – Survival.

Provisions of this Agreement, which by their express terms, or by necessary implication, apply for period of time other than specified herein, shall be given effect, notwithstanding termination or expiration.

Section 19 – Amendments.

Any changes, additions or other amendments to this Agreement must be made in a writing, signed by the authorized representatives of Client and University.

Section 20 – Governing Law and Venue.

California law shall control this Agreement and any document to which it is appended. The exclusive jurisdiction and venue for any and all actions arising out of or brought under this Agreement is in a state court of competent jurisdiction, situated in the county in the State of California in which the University campus is located or, where this Agreement covers more than one campus or the Office of the President, the exclusive venue is Alameda County, California.

Section 21 – Signatures and Counterparts.

This Agreement may be executed in two or more counterparts, which may be transmitted via facsimile or electronically, each of which shall be deemed an original and all of which together shall constitute one instrument.

Section 22 – Entire Agreement/Integration.

This Agreement, including Exhibit A, which is hereby incorporated by reference and made a part hereof, sets forth the entire agreement of the parties with respect to the subject matter herein and supersedes any prior or contemporaneous agreements, oral and written, and all other communications between the parties with respect to such subject matter. Any terms and conditions contained in Client's purchase order, and any NDA or separate scope of work or similar document, shall have no force and effect.

Section 23 - Authority of Parties/Signatories.

Each person signing this Agreement represents and warrants that he or she is duly authorized and has legal capacity to execute this Agreement. Each party represents and warrants to the other that the execution of this Agreement and the performance of such party's obligations hereunder have been duly authorized and that this Agreement is a valid and legal agreement binding on such party and enforceable in accordance with its terms.

NATIONAL SCHOOL LUNCH/BREAKFAST PROGRAM

ELIGIBILITY NOTIFICATION LETTER

Direct Certification of Eligibility for Free Meals
Based on CalFresh, CalWORKs, or FDPIR for the
2021-2022 School Year

Dear Parent/Guardian:

Any children in your household for whom you are currently receiving CalFresh, CalWORKs, or FDPIR benefits are automatically eligible for free school meals during the 2021-2022 school year. As long as your child's name appears on the eligibility list at your local school, you will not be required to fill out an Application for Free and Reduced Price Meals.

If your child's name does not appear on the eligibility list at your local school or you have children who are not eligible for CalFresh, CalWORKs, or FDPIR, but wish for that child to have meal benefits, you must complete an Application for Free and Reduced Price Meals and return it to your school.

If you do not want your child to receive free meals or have any questions, please contact your school or the district office for your school.

You must notify the school when you are no longer eligible to receive CalFresh, CalWORKs, or FDPIR.

This notice of eligibility affects any students who will be attending the following school districts:

Antelope	Kirkwood	Richfield
Corning Elementary	Lassen View	
Corning High	Los Molinos Unified	
Evergreen	Red Bluff Elementary	
Flornoy	Red Bluff High	
Gerber	Reeds Creek	

In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, national origin, age, or handicap. If you believe you have been discriminated against, write immediately to the Secretary of Agriculture, Washington, D.C. 20250.

QUESTIONS? Call your local school district. **DO NOT** call your eligibility worker.

Households do not need to turn in an application when the household receives a notification letter saying that all children automatically qualify for free meals when any household member receives benefits from CalFresh, CalWORKs, or FDPIR. Children who meet the definition of foster, homeless, migrant, or runaway, and children enrolled in their school's Head Start program are eligible for free meals. Contact school officials if any child in the household is not on the notification letter. The household must let school officials know if they do not want to receive free or reduced-price meals.

Applications will be given to each household, by the school district, with a letter about the free and reduced-price meal program. Households that want to apply for meal benefits, must fill out one application for all children in the household and give it to the nutrition office at your school site/district office. The school will let you know if your application is approved or denied for free or reduced-price meals.

Households may turn in an application at any time during the school year. If you are not eligible now, but your household income goes down, household size goes up, or a household member starts receiving CalFresh, CalWORKs, or FDPIR, you may turn in an application at that time. Information given on the application will be used to determine eligibility and may be verified at any time during the school year by school officials. The last four digits of the Social Security number from any adult household or checking that you do not have a Social Security number is required if you include income on the application.

Households that receive Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) benefits, may be eligible for free or reduced-price meals by filling out an application.

Foster children are eligible for free meals and may be included as a household member if the foster family chooses to also apply for the non-foster children on the same application. Including foster children as a household member may help the non-foster children qualify for free or reduced-price meals. If the non-foster children are not eligible, this does not keep foster children from receiving free meals.

Your child's eligibility status from last school year will continue into the new school year for up to 30 school days or until the school processes your new application, or your child is otherwise certified for free or reduced-price meals. After the 30

Corning School District: In service Utility Inspection (Ball fields)

Performed on 6/22/21 by Jacob Nielson

SCOPE: Inspection was conducted to determine the condition of 13 utility poles in service at Corning school district with poles located at a football and baseball fields **(A-F Football; G-M baseball)**. The area of inspection occurred from the groundline up to 6'. Drill samples were taken into the groundline at approximately 45 degrees and 16" long to review the condition of the wood fiber below ground. In addition, sounding, pick test, and drill samples were taken above the ground line to test the condition of each pole's "cross section".

Comments: Each pole was visually inspected for defects on the exterior. Poles were evaluated with the sound, visual and bore method for density and possible decay. Poles were not dug out to 18 inches. Samples were taken from ground line. Each pole is assigned a letter with white paint marker. No markings on poles to identify a date or manufacturer.

MEMORANDUM OF UNDERSTANDING

This Agreement is entered into by and between the **Tehama County Department of Education**, herein called DEPARTMENT, and **Corning High School District**, herein called DISTRICT, for the provision of **school nursing services** to the District. The parties agree as follows:

The term of this agreement is **July 1, 2021** through **June 30, 2022**.

A. The DEPARTMENT agrees to:

1. Provide 0.600 full-time equivalent (FTE) of school nursing service during the period of July 1, 2021 through June 30, 2022. The individual(s) providing the service shall remain an employee of the DEPARTMENT.
2. Invoice DISTRICT the sum of **\$69,711** based on the projected rate of **\$116,185** per one (1.0) FTE. This rate is based on the average cost for salary and benefits for the pupil personnel services staff and average cost of 4000, 5000, and 6000 object code expenditures for the pupil personnel service program that is allocated to the district. Additionally, the district will be invoiced for actual usage of services that exceed their allocated FTE. The rate is based on the average cost for one day per week of salary and benefits for the pupil personnel services staff and the "shared" average cost of 4000, 5000, and 6000 object code expenditures for the pupil personnel service program. Additionally, as this is general education nursing, an indirect cost will be included (Tehama County Department of Education 2021-2022 Indirect rate 6.73%). An estimate of the amount to be invoiced will be made in June and the billing will occur after the Department has "closed the books" for the 2021-22 fiscal year. Payment shall be due and payable **thirty (30) days** after receipt of the invoice by DISTRICT.

B. The DISTRICT agrees to:

1. Provide adequate facilities and support including technology, materials and supplies, and access to a computer and printer for district and state reporting requirements and other reports to enable the pupil personnel service provider to perform services.
2. Pay the DEPARTMENT for the costs of services at the invoiced rate specified in Item A-2 and A-3, above.

Payment will be adjusted accordingly in the case of any change in the rate resulting from cost of living adjustments or re-negotiated rates to the appropriate salary schedule or the Department's contributions for the employee benefits.

Each party hereto agrees to hold harmless and to indemnify the other party, its officers and employees, against liability for damages for death or bodily injury to persons, injury to property, or any other loss, damage, or expense arising from the negligence, willful misconduct or omission of the party which committed the act, and while acting under the terms and conditions of the Agreement.

Either party not intending to continue or intending to revise this Agreement for the succeeding year shall give written notice of such intent no later than **January 07, 2022**.

Should any action be brought to enforce any of the terms of this Agreement, the prevailing party shall be entitled to reasonable attorney's fees.

The provisions of this agreement are agreed to by both parties as certified by the signatures below:

CORNING UNION HIGH SCHOOL DISTRICT

HEALTH & WELLNESS PLAN

JUNE 17, 2021
643 BLACKBURN AVENUE
Corning, California

Introduction to the Corning Union High School District Health & Wellness Policy

The Corning Union High School District (CUHSD) is committed to providing school environments that promote and protect students' health, well-being, and ability to learn by supporting healthy eating habits and physical activity.

Therefore, it is the intent of the CUHSD that:

1. The District will engage its students, parents, teachers, nutrition service professionals, school health professionals, the Board of Education, school administrators, physical education teachers and other interested community members in developing, implementing, monitoring, and reviewing District-wide nutrition, health, wellness and physical activity policies and school site practices.
2. All students' grades 9-12 will have opportunities, support, and encouragement to be physically active on a regular basis through its physical education, athletic and after-school recreational programs.
3. Foods and beverages sold or served at CUHSD schools starting at midnight and up to one half hour after the school day will meet the state and federal nutrition regulations that pertain to Food Services.
4. Qualified nutrition professionals will provide students with access to a variety of affordable, nutritious, and appealing foods that meet the health and nutrition needs of students; will accommodate the religious, ethnic, and cultural diversity of the student body in meal planning; and will provide a clean, safe, and pleasant setting in which to enjoy the meals, including adequate time and seating for all students to eat.
5. To the maximum extent possible, the two schools in our District will participate in available federal USDA school meal programs.
6. The schools' nutrition education and physical education programs shall be consistent with the expectations established in the state's curriculum frameworks and content standards and, as appropriate, shall be integrated into other applicable academic subjects.

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, gender, disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA.

Background/History on the Health & Wellness Policy Committee

Under the Healthy Hunger-Free Kids Act (HHFKA) of 2010, the federal government reauthorized child nutrition programs in school districts nationwide and included a section that specifically addresses Local School Wellness Policies. The objectives of the HHFKA include enhancing existing Local School Wellness Policy requirements, strengthening implementation and assessment of the policies, and expanding public input in both Wellness Policy development and reporting.

School Year 2015-16

As a result of the new regulations, CUHSD began the process of updating its existing Wellness Policy of 2007. As with the previous policy, CUHSD maintained a Health and Wellness Committee. The committee of 2015-2016 was composed of community stakeholders from diverse backgrounds within the District. One task of this committee was to review and update the existing Wellness Policy by incorporating the new federal and state objectives generated by the California Department of Education's Local School Wellness Policy Requirements.

The CUHSD Health and Wellness Committee met three times throughout the 2015-2016 school year and generally discussed the elements of an appropriate policy while specifically targeting the foods served daily in the cafeteria to ensure the best meals and services were being provided. The principal and the Food Service Director met several times to work through the skeleton of the revised and updated policy-plan. The committee liaison in food service consulted frequently with local, state and federal officials to clarify concerns or questions about the revised policy. With input from students, parents, teachers, and District leaders, the committee produced an updated Health and Wellness Policy that outlines the goals of the District and provides stakeholders with a clearer perspective of the policies and practices related to health and wellness. The Health &

Wellness Committee is composed of a district administrator, the food services director, a physical and health education teacher, an interested community member, eight students from CUHS (two from each grade level representing the school's demographics, and a representative from the physical health sector and the psychological health sector.

School Year 2016-17

The Health and Wellness committee reconvened in early fall to review the initial policy generated by the principal and food service director during the summer of 2016 in order to get input and feedback for the revised policy the following fall. After this meeting, the committee agreed to increase the number of committee members, as well as increase the exposure, communication and training available on the Health and Wellness Policy. The committee added three new members and met twice in the fall semester to refine and finalize the plan. The committee made some revisions and ultimately agreed upon a solid policy for wellness at CUHSD. The committee is dedicated to increasing awareness about health and wellness on CUHSD's school campuses, as well as increasing the support and involvement of the entire district staff, administration, teachers, students, parents, etc. We believe that the State and Federal Government should recognize Corning High School's commitment to health and physical activity having maintained a four-year physical education requirement in which less than 1% of the student population waives out of the P.E. program expectations.

School Year 2017-18

At the October 2017 meeting of the Health and Wellness Committee, we reviewed our policy once again and made a few changes to the members who would participate adding our incoming freshmen and removing our graduated seniors.

The overarching goal of the Health and Wellness Committee is to promote healthy eating and activity practices and to convey positive, consistent messages to all District students in accordance with current law. We want to support our students and enable them to achieve more by learning healthy behaviors that will benefit them for the rest of their lives.

The following groups will constitute the respective sub-committees who will bring information and recommendations to the larger health and wellness committee: Physical Education Department; Nutrition/Food Service Staff; School Psychologist & School Health Aide Staff; the Administrative Team.

CUHSD Health & Wellness Policy

CUHSD believes that all students should be educated in learning environments that are safe, drug-free, and conducive to learning. According to the Centers for Disease Control and Prevention, establishing healthy behaviors during childhood and early adolescence is easier than changing unhealthy behaviors during adulthood. CUHSD believes schools play a critical role in promoting personal health and wellness by helping students establish lifelong, healthy behaviors while in school. Improving student health, wellness and safety increases students' capacity to learn, reduces absenteeism, and improves physical fitness and mental alertness.

California Department of Education Local School Wellness Policy Requirements

The Child Nutrition and WIC Reauthorization Act of 2004 mandated that all local educational agencies participating in a federal meal reimbursement program establish a Local School Wellness Policy.

On December 13, 2010, President Obama signed the Health, Hunger-Free Kids Act of 2010 (HHFKA) reauthorizing the Child Nutrition Programs. Section 204 added Section 9A to the Richard B. Russell National School Lunch Act (Title 42, U.S. Code 1758b), Local School Wellness Policy Implementation. The provisions enhanced the previous Local School Wellness Policy requirements, strengthening requirements for ongoing implementation, assessment, and public reporting of wellness policies and expanding the team of collaborators participating in the Wellness Policy development to include more members from the community. The HHFKA now requires that the local Wellness Policy, at a minimum, include:

- Goals for nutrition promotion and education, physical activity, and other school-based activities that promote student wellness.
