4. PUBLIC COMMENT: None.

5. RES. NO. 439: There are two primary concerns the District has when determining if we are eligible for this exemption. First, we want to verify that there are no

wetlands or other environmentally sensitive areas that we may disturb in this process. To this end, Superintendent Jared Caylor asked Chico Environmental to weigh in on whether there were areas of concern in the proposed orchard site. After checking National Wetlands Inventory, they confirmed that the only wetland areas on Rodgers Ranch are within the channel of Jewitt Creek. Since the orchard will not disturb the creek channel (new well going in on the South parcel), this is not a concern. Secondly, the district has to determine if the project meets one of several criteria to qualify for an exemption. In our case, the criteria we meet is that we are continuing to use the land for its historical purpose, which in this case is agriculture.

After communication with our legal counsel and environmental review experts, it's Superintendent, Jared Caylor's recommendation that the board adopt this resolution and send notification to the County Clerk Recorder.

A motion was made by Todd Henderson and seconded by Jim Bingham to approve Resolution No. 439.

There being no further discussion, the Board voted unanimously to adopt Resolution No. 439.
