Currently Tehama County is one of the most seved counties locally along with Shasta County. This does not affect, CUHSD's open status. It is likely that we will remain in this category for a few weeks. There was news about rapid test that may be available soon. These will have results within 15 minutes but only symptomatic patients. This will hopefully help to avoid shutdown and employees missing work.

The discussion included the following:

Last fiscal year the Board decided to move 175K each year however with uncertainty of the state budget this was scaled back a bit. There are 2 things to consider, moving money but then the roles moving forward to maintain a healthy balance to use for unexpected and anticipated items such as the track, intercom bell system, fence, and stadium light replacement. Large items can be put off for a bit the discussion was deciding how the Board wanted to proceed.

Board Member, Todd Henderson questioned if each item needed to be reviewed and Board Member, Jim Bingham shared concern of how to allocate the funds.

There being no further discussion, the Board voted unanimously to approve the decision to allocate funds as listed and to have Superintendent, Jared Caylor bring back an itemized lists of what progress to be made in which years.

The vote is as follows:

11.2 SOLAR WARRANTY UPDATE: This item was at the request of the Board:

expired

A maintenance agreement may be offered but not sure on details of the pricing. The Board would like to see if a local company could help maintain this or have our own employees take care of the maintenance. Board Member, Jim Bingham asked about insurance for hail, fire and if the district would be covered if the inverters were to burn up. CBO, Christine Fears shared some information about the insurance and early payoff penalties and how the document was very wordy and hard to understand. Superintendent, Jared Caylor will look into early payoff penalties and there was a discussion of the insurance. This will be sent to legal for further review and then brought back to the board for further discussion.

No action was taken.

### 11.3 WILLIAMS SETTLEMENT OVERVIEW:

A letter was sent to CUHSD from Tehama County Department of Education sharing the review for the "virtual" review of Corning Union High School on September 1-18, 2020. Information item only.

11.4 CLASSROOM CONSTRUCTION

TIMELINE/BUDGET:

Board President, Bill Mache was having some technical difficulties so excused himself from the meeting at 7:15 p.m.

There was a discussion of whether or not the Board would like to consider having all 11 classrooms completed at once or if would be better to consider completing 5 or 6 of the 11 and wait to do the others in the spring of 2022/23. The Board shared the concern for the increase of cost if the district decided to wait. Superintendent, Jared Caylor shared the option to explore and borrow funds if the Board wanted to complete them all at once. He would need to do some further research. CBO, Christine Fears shared that other districts do get loans for facilities and this is an option. Board Member, Jim Bingham would rather not borrow money. Superintendent, Jared Caylor shared that the 1 million dollars that should be coming from the state could come at any time, but it could be later than the district would like. The voters authorized this so the State cannot take it away, it is just uncertain on when those funds would be available.

Further discussion of the salvaged classrooms and a recommendation to contact Project Manager, Zane Schrader to see if he has any additional advice to add. Superintendent, Jared Caylor will do some further research and bring that information back the Board. No action was taken.

11.5 POTENTIAL CHANGES TO THE CUHS BELL SCHEDULE: Superintendent, Jared Caylor shared the potential bell schedule:

- 4. <u>No Disclosure</u>. De-identified information may be used by the Provider for the purposes of development, research, and improvement of educational sites, services, or applications, as any other member of the public or party would be able to use de-identified data pursuant to 34 CFR 99.31(b). Provider agrees not to attempt to re-identify de-identified Student Data and not to transfer de-identified Student Data to any party unless (a) that party agrees in writing not to

attempt re-identification, and (b) prior written notice has been given to LEA who has provided prior written consent for such transfer. Provider shall not copy, reproduce or transmit any data obtained under the Service Agreement and/or any portion thereof, except as necessary to fulfill the Service Agreement.

- 5. Disposition of Data. Upon written request and in accordance with the applicable terms in subsection a or b, below, Provider shall dispose or delete all Student Data obtained under the Service Agreement when it is no longer needed for the purpose for which it was obtained. Disposition shall include (1) the shredding of any hard copies of any Student Data; (2) Erasing; or (3) Otherwise modifying the personal information in those records to make it unreadable or indecipherable by human or digital means. Nothing in the Service Agreement authorizes Provider to maintain Student Data obtained under the Service Agreement beyond the time period reasonably needed to complete the disposition. Provider shall provide written notification to LEA when the Student Data has been disposed. The duty to dispose of Student Data shall not extend to data that has been de-identified or placed in a separate Student account, pursuant to the other terms of the DPA. The LEA may employ a "Request for Return or Deletion of Student Data" form, a copy of which is attached hereto as Exhibit "D". Upon receipt of a request from the LEA, the Provider will immediately provide the LEA with any specified portion of the Student Data within ten (10) calendar days of receipt of said request.
  - **a. Partial Disposal During Term of Service Agreement.** Throughout the Term of the Service Agreement, LEA may request partial disposal of Student Data obtained under the Service Agreement that is no longer needed.   - b. Complete Disposal Upon Termination of Service Agreement. Upon Termination of the Service Agreement Provider shall dispose or delete all Student Data obtained under the Service Agreement. Prior to disposition of the data, Provider shall notify LEA in writing of its option to transfer data to a separate account, pursuant to Article II, section 3, above. In no event shall Provider dispose of data pursuant to this provision unless and until Provider has received affirmative written confirmation from LEA that data will not be transferred to a separate account.
- 6. Advertising Prohibition. Provider is prohibited from using or selling Student Data to (a) market or advertise to students or families/guardians; (b) inform, influence, or enable marketing, advertising, or other commercial efforts by a Provider; (c) develop a profile of a student, family member/guardian or group, for any commercial purpose other than providing the Service to LEA; or (d) use the Student Data for the development of commercial products or services, other than as necessary to provide the Service to LEA. This section does not prohibit Provider from using Student Data for adaptive learning or customized student learning purposes.

Provider shall destroy or delete all Student Data obtained under the Service Agreement when it is no longer needed for the purpose for which it was obtained, or transfer said data to LEA or LEA's designee, according to the procedure identified in Article IV, section 5, above. Nothing in the Service Agreement authorizes Provider to maintain Student Data beyond the time period reasonably needed to complete the disposition.
- c. Security Protocols. Both parties agree to maintain security protocols that meet industry standards in the transfer or transmission of any data, including ensuring that data may only be viewed or accessed by parties legally allowed to do so. Provider shall maintain all data obtained or generated pursuant to the Service Agreement in a secure digital environment and not copy, reproduce, or transmit data obtained pursuant to the Service Agreement, except as necessary to fulfill the purpose of data requests by LEA.
- **d.** Employee Training. The Provider shall provide periodic security training to those of its employees who operate or have access to the system. Further, Provider shall provide LEA with contact information of an employee who LEA may contact if there are any security concerns or questions.
- e. Security Technology. When the service is accessed using a supported web browser, Provider shall employ industry standard measures to protect data from unauthorized access. The service security measures shall include server authentication and data encryption. Provider shall host data pursuant to the Service Agreement in an environment using a firewall that is updated according to industry standards.
- f. Security Coordinator. If different from the designated representative identified in Article VII, section 5, Provider shall provide the name and contact information of Provider's Security Coordinator for the Student Data received pursuant to the Service Agreement.

- h. Periodic Risk Assessment. Provider further acknowledges and agrees to conduct digital and physical periodic (no less than semi-annual) risk assessments and remediate any identified security and privacy vulnerabilities in a timely manner.
- 2. <u>Data Breach</u>. In the event that Student Data is accessed or obtained by an unauthorized individual, Provider shall provide notification to LEA within a reasonable amount of time of the incident, and not exceeding forty-eight (48) hours. Provider shall follow the following process:
  - a. The security breach notification shall be written in plain language, shall be titled "Notice of Data Breach," and shall present the information described herein under the following headings: "What Happened," "What Information Was Involved," "What We Are Doing," "What You Can Do," and "For More Information." Additional information may be provided as a supplement to the notice.
  - **b.** The security breach notification described above in section 2(a) shall include, at a minimum, the following information:
    - i. The name and contact information of the reporting LEA subject to this section.
    - ii. A list of the types of personal information that were or are reasonably believed to have been the subject of a breach.
    - iii. If the information is possible to determine at the time the notice is provided, then either (1) the date of the breach, (2) the estimated date of the breach, or (3) the date range within which the breach occurred. The notification shall also include the date of the notice.
    - iv. Whether the notification was delayed as a result of a law enforcement investigation, if that information is possible to determine at the time the notice is provided.
    - v. A general description of the breach incident, if that information is possible to determine at the time the notice is provided.
  - **c.** At LEA's discretion, the security breach notification may also include any of the following:
    - i. Information about what the agency has done to protect individuals whose information has been breached.
    - ii. Advice on steps that the person whose information has been breached may take to protect himself or herself.
  - **d.** Provider agrees to adhere to all requirements in applicable State and in federal law with respect to a data breach related to the Student Data, including, when appropriate or required, the required responsibilities and procedures for notification and mitigation of any such data breach.

- e. Provider further acknowledges and agrees to have a written incident response plan that reflects best practices and is consistent with industry standards and federal and state law for responding to a data breach, breach of security, privacy incident or unauthorized acquisition or use of Student Data or any portion thereof, including personally identifiable information and agrees to provide LEA, upon request, with a copy of said written incident response plan.
- f. Provider is prohibited from directly contacting parent, legal guardian or eligible pupil unless expressly requested by LEA. If LEA requests Provider's assistance providing notice of unauthorized access, and such assistance is not unduly burdensome to Provider, Provider shall notify the affected parent, legal guardian or eligible pupil of the unauthorized access, which shall include the information listed in subsections (b) and (c), above. If requested by LEA, Provider shall reimburse LEA for costs incurred to notify parents/families of a breach not originating from LEA's use of the Service.
- g. In the event of a breach originating from LEA's use of the Service, Provider shall cooperate with LEA to the extent necessary to expeditiously secure Student Data.

### **DEFINITIONS**

AB 1584, Buchanan: The statutory designation for what is now California Education Code § 49073.1, relating to pupil records.

De-Identifiable Information (DII): De-Identification refers to the process by which the Provider removes or obscures any Personally Identifiable Information ("PII") from student records in a way that removes or minimizes the risk of disclosure of the identity of the individual and information about them.

Educational Records: Educational Records are official records, files and data directly related to a student and maintained by the school or local education agency, including but not limited to, records encompassing all the material kept in the student's cumulative folder, such as general identifying data, records of attendance and of academic work completed, records of achievement, and results of evaluative tests, health data, disciplinary status, test protocols and individualized education programs. For purposes of this DPA, Educational Records are referred to as Student Data.

NIST: Draft National Institute of Standards and Technology ("NIST") Special Publication Digital Authentication Guideline.

Operator: The term "Operator" means the operator of an Internet Website, online service, online application, or mobile application with actual knowledge that the site, service, or application is used primarily for K-12 school purposes and was designed and marketed for K-12 school purposes. For the purpose of the Service Agreement, the term "Operator" is replaced by the term "Provider." This term shall encompass the term "Third Party," as it is found in applicable state statutes.

Personally Identifiable Information (PII): The terms "Personally Identifiable Information" or "PII" shall include, but are not limited to, student data, metadata, and user or pupil-generated content obtained by reason of the use of Provider's software, website, service, or app, including mobile apps, whether gathered by Provider or provided by LEA or its users, students, or students' parents/guardians. PII includes Indirect Identifiers, which is any information that, either alone or in aggregate, would allow a reasonable person to be able to identify a student to a reasonable certainty. For purposes of this DPA, Personally Identifiable Information shall include the categories of information listed in the definition of Student Data.

Provider: For purposes of the Service Agreement, the term "Provider" means provider of digital educational software or services, including cloud-based services, for the digital storage, management, and retrieval of pupil records. Within the DPA the term "Provider" includes the term "Third Party" and the term "Operator" as used in applicable state statutes.

Pupil Generated Content: The term "pupil-generated content" means materials or content created by a pupil during and for the purpose of education including, but not limited to, essays, research reports, portfolios, creative writing, music or other audio files, photographs, videos, and account information that enables ongoing ownership of pupil content.

**Pupil Records:** Means both of the following: (1) Any information that directly relates to a pupil that is maintained by LEA and (2) any information acquired directly from the pupil through the use of instructional software or applications assigned to the pupil by a teacher or other LEA employee. For the purposes of this Agreement, Pupil Records shall be the same as Educational Records, Student Personal Information and Covered Information, all of which are deemed Student Data for the purposes of this Agreement.

Service Agreement: Refers to the Contract or Purchase Order to which this DPA supplements and modifies.

**School Official**: For the purposes of this Agreement and pursuant to 34 CFR 99.31 (B), a School Official is a contractor that: (1) Performs an institutional service or function for which the agency or institution would otherwise use employees; (2) Is under the direct control of the agency or institution with respect to the use and maintenance of education records; and (3) Is subject to 34 CFR 99.33(a) governing the use and re-disclosure of personally identifiable information from student records.

**SOPIPA:** Once passed, the requirements of SOPIPA were added to Chapter 22.2 (commencing with Section 22584) to Division 8 of the Business and Professions Code relating to privacy.

Student Data: Student Data includes any data, whether gathered by Provider or provided by LEA or its users, students, or students' parents/guardians, that is descriptive of the student including, but not limited to, information in the student's educational record or email, first and last name, home address, telephone number, email address, or other information allowing online contact, discipline records, videos, test results, special education data, juvenile dependency records, grades, evaluations, criminal records, medical records, health records, social security numbers, biometric information, disabilities, socioeconomic information, food purchases, political affiliations, religious information text messages, documents, student identifies, search activity, photos, voice recordings or geolocation information. Student Data shall constitute Pupil Records for the purposes of this Agreement, and for the purposes of California and federal laws and regulations. Student Data as specified in <a href="Exhibit" B" is confirmed to be collected or processed by the Provider pursuant to the Services. Student Data shall not constitute that information that has been anonymized or de-identified, or anonymous usage data regarding a student's use of Provider's services.

**SDPC** (The Student Data Privacy Consortium): Refers to the national collaborative of schools, districts, regional, territories and state agencies, policy makers, trade organizations and marketplace providers addressing real-world, adaptable, and implementable solutions to growing data privacy concerns.

**Subscribing LEA:** An LEA that was not party to the original Services Agreement and who accepts the Provider's General Offer of Privacy Terms.

**Subprocessor:** For the purposes of this Agreement, the term "Subprocessor" (sometimes referred to as the "Subcontractor") means a party other than LEA or Provider, who Provider uses for data collection, analytics, storage, or other service to operate and/or improve its software, and who has access to PII.

Targeted Advertising: Targeted advertising means presenting an advertisement to a student where the selection of the advertisement is based on student information, student records or student generated content or inferred over time from the usage of the Provider's website, online service or mobile application by such student or the retention of such student's online activities or requests over time.

**Third Party**: The term "Third Party" means a provider of digital educational software or services, including cloud-based services, for the digital storage, management, and retrieval of pupil records. However, for the purpose of this Agreement, the term "Third Party" when used to indicate the provider of digital educational software or services is replaced by the term "Provider."

### Williams Settlement Overview

September 28, 2020

Corning Union High School District 643 Blackburn Ave. Corning, CA 96021-3505

Dear Corning Union High School Board Members:

California Education Code Section 1240 (Williams Settlement Legislation) requires that Tehama County Department of Education visit schools identified as Decile 1-3 in our county. While California schools are no longer identified on the Decile Scale, this leaislation continues to require schools identified during the 2012-2013 school year to be reviewed. Due to the Covid-19 Pandemic, the California Legislature passed and Governor Newsome signed SB 820, which allows for a "virtual" Williams review for the 2020-21 school year. The required areas of review for this visit are noted below:

- 1. Monitor "sufficient" standards-aligned instructional materials in seven core subject areas for the high school (English language arts, mathematics, history/social science, science laboratory equipment, foreign language, and health);
- 2. Monitor any facility condition that "poses an emergency or urgent threat to the health or safety of pupils or staff;"
- 3. Review to determine if the school has provided accurate data on the annual School Accountability Report Card (SARC) related to the sufficiency of instructional materials and the safety, cleanliness, and adequacy of school facilities, including "good repair;"
- 4. Monitor and review teacher misassignments and teacher vacancies; and
- 5. Receive quarterly reports on complaints filed within the school district concerning insufficient instructional materials, teacher vacancies and misassianments, and emergency or urgent facilities issues under the Uniform Complaint Procedure.

This report presents the results of our "virtual" review of Corning Union High School, September 1-18, 2020.

"Sufficient" standards-aligned instructional materials were available in the five core subject areas monitored.

- The condition of the facilities was devoid of any health or safety threat to pupils or staff.
- The annual School Accountability Report Card (SARC) is current, and is posted on the school website.
- The annual Facilities Inspection Tool (FIT) report is current and contains accurate data.
- The monitoring and review of 2019-20 teacher misassignments and vacancies was completed on June 30, 2020 and identifies no teacher misassignments.
- The monitoring and review of 2020-21 teacher misassignments and vacancies will be conducted by Lynda Sims, TCDE Credential Technician, and is due for completion in June 2021.
- Universal Complaint Forms are posted in all monitored classrooms and CUHS
  Website and quarterly reports will be reviewed on a consistent basis throughout
  the year. Currently, there are no outstanding complaints. While the Uniform
  Complaint data are not mandated to be a part of this report, they are included
  so that you and the citizens of our community may have a complete
  understanding of the environment in which Corning Union High School is
  operating.

We would like to thank the Corning Union High School staff and administration for providing our team with the necessary information to conduct our "virtual" review and we extend our appreciation for their professionalism in addressing the compliance requirements for the Williams Settlement Legislation.

Sincerely,

Jim Southwick

Assistant Superintendent

# FISCAL MONTH & BEGINNING BALANCES

Beginning Cash in July is where the previous fiscal year ended. This is not the ending fund balance. This is actual CASH in the bank on June

Every month after July, the calculation in Beginning Cash is ending balance of revenue received and expenditures expended in the previous month.

The months that do not have any revenue or expenditures will carry forward the previous balance.

The interim reports that are completed will have an estimated yearly cash flow. This will identify the months we may be short, and our year end Cash available.

Net Increase or Decrease is the total for the month of Receipts, c Disbursements, and the Balance Sheet.

Month Ending Cash will carryover to the next month's beginning cash.

A positive amount will increase the month ending cash, and a negative will decrease it.

### \*\*Reminder\*\*

- 1<sup>st</sup> Interim Report will:
- Have the estimated cash flow for November through June.
- Will account for the state deferrals.
- Address a two year cash flow instead of only the current year.
- The Month End Amounts are the best indicator of when a cash shortage may occur.

# GASH AND BUDGET DEFERRALS

## Deferrals and Cash Flow: K-12

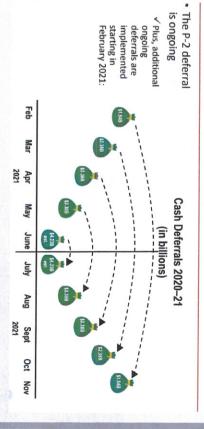

• The effects of these cash deferrals on the typical apportionment schedule for February through June 2021 are as follows:

Month	Normal Share of Annual Apportionment <sup>1</sup>	Proportion Deferred	Resulting Share of Annual Apportionment
February 2021	9%	45%	5%
March 2021	9%	70%	3%
April 2021	9%	70%	3%
May 2021	9%	70%	3%
June 2021	Balance	100%	0%

Estimated based on the 2019–20 Principal Apportionment amounts  $^{1}$ Per EC  $\S$  14041(a)(2)

 In effect, LEAs will receive only about 68% of the state aid apportionment during the year

The California Department of Education (CDE) has posted estimates of the impact of cash deferrals for this year, which are scheduled to begin in February 2021. We at School Services of California Inc. posted a *Fiscal Report* article in July 2020, "<u>Cash Deferrals and Apportionment Schedules</u>," providing estimates of the impact of the cash deferrals on the apportionment schedules based upon the 2019–20 Principal Apportionment data. The CDE estimates just released are based on an estimated 2020–21 First Principal Apportionment (P-1), reflecting the provisions in the 2020–21 Enacted State Budget.

As discussed in our previous article above, there are three different apportionment schedules, depending on the historical characteristics of your organization. What follows is the CDE's deferral schedule for almost 90% of the local educational agencies (LEAs) to which the "Type 1" apportionment schedule in Education Code Section (EC §) 14041(a)(2)–(4) applies:

Month	Apportionment Schedule for EC § 14041(a)(2)–(4)	Estimated Deferral Impact	Estimated Share of Annual State Aid Cash Net of Deferrals	
July 2020	5%		5%	
August 2020	5%		5%	
September 2020	9%		9%	
October 2020	9%		9%	
November 2020	9%		9%	
December 2020	9%		9%	
January 2020	9%		9%	
February 2020	9%	(4.77%)	4.23%	
March 2020	9%	(7.38%)	1.62%	
April 2020	9%	(7.38%)	1.62%	
May 2020	9%	(7.38%)	1.62%	
June 2020	Balance	(100.00%)	0.00%	
New Fiscal Year				
July 2021		100%	100%	
August 2021		7.38%	7.38%	
September 2021		7.38%	7.38%	

%	%
7.38%	%11%
7.38%	4.77%

The last column in the table above can be used as the estimates of cash to be received during each of the corresponding months.

receipts percentage is multiplied by the estimated deferral impact percentage. Here are the factors that are used in Projection-Pro for For those LEAs that use the Fiscal Crisis and Management Assistance Team's (FCMAT's) Projection-Pro software for cash projections, the factors displayed in the software represent the percentage of monthly cash receipts after applying the cash deferrals. The monthly cash receipts are based on the percentage of P-1 cash issued during the months of February through May of 2020, followed by the balance based on the Second Principal Apportionment (P-2) calculations available in June. To calculate the net cash receipts, the monthly cash each of the deferral months:

For more detail on the CDE's apportionment schedules, see the <u>Principal Apportionment Payment Schedule web page</u>. We will be discussing cash deferrals, cash projections, and more during our <u>Cash Management During</u> the COVID-19 Recession webinar series, which will include a demonstration of FCMAT's Projection-Pro cash flow tool. ## MEMORANDUM OF UNDERSTANDING BETWEEN CORNING UNION HIGH SCHOOL DISTRICT AND

## CORNING INDEPENDENT TEACHERS' ASSOCIATION ADDRESSING POTENTIAL IMPACTS TO WORKING CONDITIONS IN RESPONSE TO THE COVID-19 PANDEMIC MANDATORY DISTANCE LEARNING REQUIREMENT

## TO COMMENCE THE 2020-2021 SCHOOL YEAR

The parties have a collective bargaining agreement (CBA) that runs through the 2020-2021 school year. The parties will rely on that bilaterally created document, except as provided herein.

The parties acknowledge there may be fundamental changes in the essential functions in the programs and services as schools reopen in the 2020-21 school year due to the COVID-19 pandemic and resulting federal, state, and local public health directives and guidance.

The purpose of this MOU is for the parties to address negotiable impacts related to the reopening of schools in distance learning and/or in person instruction in order to maintain continuity and stability in the delivery of programs and services to students and the working conditions of those who provide those programs and services.

Accordingly, the parties agree as follows:

- 1. Negotiable issues might arise due to statutory changes as well as governmental directives, guidelines and protocols related to the further reopening of schools which may require further negotiations.
- 2. The parties have identified the following subjects impacted by reopening with an educational model that includes distance learning and services that may need to be addressed for the 2020-2021 school year:
  - a. Staff will "symptom-screen" before reporting for work. Symptom screening includes taking her/his temperature, visual wellness check, and/or self-determining whether the staff member has experienced COVID-19 symptoms in the last 24 hours.
  - b. Each staff member will submit to a specific point of entry symptom screen upon arrival at school by a district employee. The symptom screen will include a temperature check using a no touch infrared temporal thermometer. A staff member with a temperature of 100.4 or higher will be required to leave the site.
  - c. Sick leave is available for any staff member experiencing illness. Available leaves within the Coring Independent Teachers' Association (CITA) Collective

Bargaining Agreement – Article XV include: Sick Leave, Family Care Leave, Personal Necessity Leave; Personal Leave; Leave Without Pay; Bereavement Leave; Jury Leave; Legislative Leave; Catastrophic Illness Leave; Industrial Illness and Accident Leave; Other available leaves not included in the CITA Collective Bargaining Agreement – Article XV include: Family Medical Leave Act (FMLA); California Family Rights Act (CFRA); Families First Coronavirus Response Act Leave. A unit member is encouraged to contact the District Personnel Technician regarding eligibility for the above mentioned leaves.

- d. A staff member will not report for duty if he or she is experiencing symptoms consistent with COVID-19 or if the staff member is determined by Tehama County Public Health (TCPH) to be a "close contact" with a person diagnosed with COVID-19.
- e. Teachers will continue to plan and implement a standards based program of study, employing a variety of instructional techniques and instructional media that meet the individual needs, interests and abilities of the students which includes synchronous and asynchronous learning for Distance Learning. For the 2020-21 school year, staff will utilize a synchronous and asynchronous learning model for students not attending in-class instruction. All staff will be offered training to implement distance learning standards for schools as noted by Governor Gavin Newsom, the California Department of Education and Senate Bill 98 (SB 98):
  - 1. <u>Daily Live Interaction</u> is required: Teachers will have to connect with their students each day through online instruction and/or phone check-ups.
  - 2. <u>Taking Student Attendance</u>: Schools must take students' attendance and participation under distance learning, or risk losing state funding. Students who don't participate will factor into schools' chronic absenteeism figures.
  - 3. <u>Minimum Instruction</u>: Students must receive a minimum amount of daily instruction that can be met by a combination of teacher instruction and "time value" of work assigned. The minimum amount for high school students is 4 hours (240 minutes) per day.
  - 4. <u>Serving students in need</u>: Schools have to provide the "accommodation necessary" to serve students with special needs.
  - 5. <u>Preventing disengagement</u>: Administration must form a plan for re-engaging students who are absent from distance learning for more than three schooldays a week

- 6. <u>Checking families' connectivity</u>: Schools will have to ensure that students and families have the devices and connectivity necessary to participate in distance learning, or make accommodations if they do not.
- 7. <u>Weekly engagement records</u>: An additional data requirement, schools must keep "weekly engagement records" noting how much synchronous or asynchronous instruction a student has received.
- f. School start and end times will not change during distance learning. Teachers will be expected to arrive before school starts and are able to leave once school ends.
- g. Teachers will provide distance learning from their classroom in order to have better access to district curriculum resources, support staff, technology support, site support, instructional support, planning support, collegial and collaborative support for at-risk students, and social-emotional support from counselors, family support specialists and/or administrators.
- h. This District will limit in person instruction class sizes to 25 in standard sized classrooms (960 sq ft).
- i. The District will maintain an average class size of 40 or less for teachers who have been assigned to teach all distance learning classes.
- j. When a certificated staff member's site is in full distance learning (closed to in person instruction), certificated staff may work remotely up to 5 days per semester on Tuesdays, Wednesdays, or Thursdays. Prior to working remotely, staff members will enter a request to work remotely in the absence management system and receive prior approval from their supervisor. Any unused remote work days from the fall semester will be rolled over to the spring semester. No remote work days will carry over beyond the 2020-21 school year.
- k. When the District is in a distance learning instructional model without students generally receiving in-person instruction and a Certificated Employee is working at his/her own assigned school site, he/she may bring his/her own children to the assigned work site once they have signed the appropriate waiver.
- I. When the District is in a distance learning instructional model without students generally receiving in-person instruction and a Certificated Employee is working at his/her own assigned school site, he/she may bring his/her own children to a childcare program offered on site by the District. This program shall only be available if the District can arrange for proper staffing with TCDE and/or the classified bargaining unit. Any employee who chooses to participate in this program shall sign a required waiver prior to bringing their child to work.

- m. Face coverings will be worn by all staff in accordance with CDPH guidelines.
- n. Each classroom with a sink will be supplied with soap, a hand sanitizer dispenser, paper towels, tissues, and no touch trash cans.
- o. Classrooms without a sink will be supplied with a hand sanitizer dispenser, paper towels, tissues, and no touch trash cans.
- p. There will be daily disinfecting of high touch surfaces such as: desks, chairs, tables, sinks, door handles, handrails, sink handles, restroom surfaces, instructional materials, instructional equipment, computers, headsets, and copy machines.
- q. Teachers will continue to maintain accurate, complete and correct records as required by law, district policy and administrative regulations.
- Staff meetings will be conducted virtually.
- s. All visitors are required to be symptom screened prior to entering campus.
- t. A unit member may contact, initiate, and conduct in-person individual or small group meetings on campus with students and/or parents which are in the best interest of students and families for various reasons (i.e. student orientation, supply distribution, technology training, special education assessment, academic assessment, social/emotional intervention, academic intervention, parent/teacher conference). Such meetings require prior approval from a site administrator to ensure student and employee safety in accordance with local department of public health guidelines.
